

2 CAVITY PISTOL BULLET MOLDS - LEE PRECISION 38 CALIBER (0.358") 158GR ROUND NOSE MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

All molds for pistol calibers are double cavity to speed casting. All Lee mould blocks are made from aluminum because of the exceptional moulding qualities. The mould cavities are CNC machined for unmatched roundness and size control. Most bullets from Lee moulds can be used as cast without sizing. Handles and sprue plate are included.

Attributes

- Name: [LEE PRECISION 38 CALIBER \(0.358"\) 158GR ROUND NOSE MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100010165
- Mfr. No.: 90388
- Bullet Style: -
- Bullet Weight (Grains): 158
- Caliber: 357 Caliber, 38 Caliber
- Cavities: 2
- Diameter (in): 0.358
- Delivery weight: 0.363kg
- Shipping height: 51mm
- Shipping width: 66mm
- Shipping length: 272mm
- UPC: 734307903886

Safety Instruction Guide for 2 Cavity Pistol Bullet Molds

Introduction

Thank you for choosing the 2 Cavity Pistol Bullet Molds by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read and understand this guide before using the molds.

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with casting bullets.
- Always supervise the use of this product, especially around children and vulnerable individuals.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Stay informed about any product recalls or safety alerts via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety goggles and heatresistant gloves.
- Ensure that your workspace is wellventilated to avoid inhalation of fumes.
- Keep the molds away from flammable materials and sources of ignition.
- Do not leave molten lead unattended during the casting process.
- Ensure that the molds are clean and free of debris before use.
- Handle hot molds with care to avoid burns or injuries.
- Store the molds in a cool, dry place when not in use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials: lead, melting pot, and the bullet molds.
- Ensure your workspace is clean and organized.

2. Setting Up the Molds:

- Place the molds on a stable, heatresistant surface.
- Ensure that the sprue plate is properly aligned and secure.

3. Melting the Lead:

- Heat the lead in a melting pot according to the manufacturer's instructions.
- Monitor the temperature to avoid overheating.

4. Casting Bullets:

- Pour the molten lead into the mold cavities carefully.
- Allow the lead to cool and solidify according to the recommended time.
- Open the molds gently to remove the cast bullets.

5. Finishing Touches:

- Inspect the bullets for quality and consistency.

- If necessary, trim any excess lead from the sprue.

6. Cleaning the Molds:

- After use, clean the molds with a suitable solvent to remove any residue.
- Store the molds in a safe location away from moisture.

Disposal Instructions

- Dispose of any lead scraps or waste according to local regulations.
- Do not dispose of lead in regular household waste.
- Follow guidelines for hazardous waste disposal in your area.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 2 Cavity Pistol Bullet Molds, please refer to the manufacturer's official website or customer service resources for further assistance.

By following these guidelines, you can ensure a safe and effective experience when using the 2 Cavity Pistol Bullet Molds. Thank you for prioritizing safety!
