

CLASSIC BULLET SIZING KIT - LEE PRECISION 0.457" DIAMETER

CLASSIC BULLET SIZING KIT

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Lee Bullet Sizing Kits are the fastest and easiest way to size cast bullets. Standard 7-8x14" threads fit any single stage reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container. Complete for one size. Press and bullet lubricant are sold separately. Special note: Intended for use on single stage presses only. The push through Punch is used in place of a Shell Holder in the Ram. Lee does not make top punches for molds. With the use of this kit, a top punch is not necessary. To crimp gas checks with the lube and size kit, first lubricate the bullets with liquid alox, push a gas check on the base of the bullet and set the bullet on the punch. When the bullet is pushed through the sizing die, the bullet will be sized, and the gas check will be crimped on. For cast bullets, you want to select a sizing kit to be .001" larger than groove diameter.

Attributes

- Name: [LEE PRECISION 0.457" DIAMETER CLASSIC BULLET SIZING KIT](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100010172
- Mfr. No.: 90057
- Diameter (in): 0.457
- Delivery weight: 0.386kg
- Shipping height: 140mm
- Shipping width: 84mm
- Shipping length: 84mm
- UPC: 734307900571

CLASSIC BULLET SIZING KIT Safety Instructions

Introduction

Thank you for purchasing the CLASSIC BULLET SIZING KIT from LEE PRECISION. This guide provides important safety instructions and usage guidelines to ensure a safe and effective experience when using this product. Please read the entire document carefully before use.

General Safety Guidelines

- Ensure that the product is used according to the manufacturer's instructions to prevent accidents.
- Regularly inspect the equipment for any damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not attempt to modify the product in any way.
- Use personal protective equipment (PPE) such as safety glasses and gloves during operation.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the CLASSIC BULLET SIZING KIT with a compatible single stage reloading press.
- Ensure that the sizing die is securely attached to the press before use.
- Always lubricate bullets with liquid alox before sizing to ensure proper operation and avoid damage.
- Do not exceed the recommended size of bullets; select a sizing kit that is .001" larger than the groove diameter.
- Avoid direct contact with the sizing die and other components during operation to prevent injury.
- If you experience any difficulty or unusual resistance while using the kit, stop immediately and inspect for blockages or damage.

Instructions for Installation and Usage

1. Installation:

- Securely attach the sizing die to your single stage reloading press using standard 78x14" threads.
- Ensure that the pushthrough punch is properly positioned in place of a shell holder in the ram.

2. Lubrication:

- Before sizing, apply liquid alox to the bullets to ensure smooth operation.

3. Sizing Process:

- Push a gas check onto the base of the bullet.
- Place the bullet on the punch.
- Slowly push the bullet through the sizing die nose first.
- Check that the bullet is sized correctly and that the gas check is crimped in place.

4. PostOperation:

- Once sizing is complete, remove the sized bullets from the special container.
- Clean the sizing die and press after each use to maintain performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer usable, follow local guidelines for the disposal of metal and plastic components.
- Do not dispose of the product in household waste; consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the CLASSIC BULLET SIZING KIT, please refer to the manufacturer's website or contact the customer service team. Always ensure that you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. We hope you enjoy using your CLASSIC BULLET SIZING KIT safely and effectively.
