# Safety Instruction Guide for RCBS Competition Powder Measure

## Introduction

Thank you for choosing the RCBS Competition Powder Measure with Handgun Metering Drum. This product is designed for safe and efficient metering of smokeless powders. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Always use the powder measure in a wellventilated area to avoid inhalation of powder particles.
- Keep the powder measure out of reach of children and vulnerable individuals.
- Regularly inspect the powder measure for any signs of damage or wear. Do not use if damaged.
- Be aware of the types of powders you are using and their specific properties.
- Store powders in a cool, dry place away from heat sources and direct sunlight.
- Follow all local laws and regulations regarding the use and storage of reloading materials.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and a dust mask, when handling powders.
- Avoid overfilling the metering drum to prevent spills and ensure accurate measurements.
- Do not use the powder measure for any purpose other than its intended use.
- Ensure that the handle is securely fastened before using the powder measure.
- When adjusting the micrometer screw, do so gently to avoid stripping the threads.
- If you experience any unusual behavior or resistance while operating the powder measure, stop using it immediately and inspect for issues.

## Instructions for Installation and Usage

### 1. Installation

- Place the powder measure on a stable, flat surface.
- Secure the powder measure using the appropriate stand or mounting method (not included).
- Attach the metering drum by aligning it with the designated slot and securing it in place.

### 2. Usage

- Before use, ensure that the powder measure is clean and free of any debris.
- Fill the metering drum with the desired smokeless powder, ensuring not to exceed the maximum fill level.
- Adjust the micrometer screw to set the desired charge weight. Refer to the scale for accurate adjustments.
- Use the handle to operate the powder measure, allowing the powder to flow into your container.
- After use, empty any remaining powder from the metering drum and clean as necessary.

## Disposal Instructions

- Dispose of any unused powders in accordance with local regulations.
- Do not dispose of powders in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

- Ensure that all packaging materials are recycled or disposed of responsibly.

## Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the RCBS Competition Powder Measure, please refer to the manufacturer's contact information provided with the product or on the official website.

## Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your RCBS Competition Powder Measure. Always prioritize safety and compliance with relevant regulations. Thank you for your commitment to safe reloading practices.
