

FLASH HOLE DEBURRING TOOLS - RCBS FLASH HOLE DEBURRING TOOLS PILOT STOP 6.5MM

[Reloading](#) > [Case Preparation](#) > [Flash Hole Deburring Tools](#)

Burrs left on the inside of the flash hole during manufacturing can cause erratic ignition. This handy tool automatically locates the hole and quickly removes the burr. A self-centering pilot collar with an adjustable stop allows quick alignment and prevents the removal of too much brass.

Attributes

- Name: [RCBS FLASH HOLE DEBURRING TOOLS PILOT STOP 6.5MM](#)

Safety Instruction Guide for RCBS Flash Hole Deburring Tools

Introduction

Thank you for choosing the RCBS Flash Hole Deburring Tools. This guide provides important safety instructions and usage information to ensure your safe and effective use of this product. Please read this guide carefully before using the tool.

General Safety Guidelines

- Ensure that the tool is used in accordance with all local regulations and safety standards.
- Always keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage or wear before each use.
- Use the tool only for its intended purpose as described in this guide.
- Do not use the tool if you are under the influence of drugs or alcohol.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, during use.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Sharp edges may cause cuts or injuries.
- Improper usage may lead to damage to the cartridge or the tool itself.

- **Avoiding Hazards:**

- Always handle the tool with care to avoid cuts.
- Ensure the tool is securely positioned before use to prevent slipping.
- Follow all instructions for proper alignment and operation to avoid damage.

- **Age Specific Warnings:**

- This product is not intended for use by individuals under the age of 18. Keep out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the RCBS Flash Hole Deburring Tool and the cartridges you wish to process.
- Ensure you are working in a clean, welllit area.

2. Installation:

- Attach the selfcentering pilot collar to the deburring tool.
- Adjust the pilot collar stop to the desired depth of deburring.

3. Usage:

- Position the tool over the flash hole of the cartridge.
- Apply gentle pressure to ensure the tool engages with the burr.

- Rotate the tool in a clockwise direction to remove the burr effectively.
- After use, carefully remove the tool from the cartridge.

4. PostUsage:

- Inspect the cartridge to ensure the burr has been completely removed.
- Clean the tool after each use to maintain its effectiveness and longevity.
- Store the tool in a safe place, away from children and pets.

Disposal Instructions

- Dispose of the tool in accordance with local regulations for metal waste.
- Do not dispose of the tool in household waste.
- If the tool is damaged beyond repair, ensure it is rendered unusable before disposal.
