

# FLASH HOLE DEBURRING TOOLS - RCBS FLASH HOLE DEBURRING TOOLS PILOT STOP .30 CALIBER

[Reloading](#) > [Case Preparation](#) > [Flash Hole Deburring Tools](#)

Burrs left on the inside of the flash hole during manufacturing can cause erratic ignition. This handy tool automatically locates the hole and quickly removes the burr. A self-centering pilot collar with an adjustable stop allows quick alignment and prevents the removal of too much brass.

# FLASH HOLE DEBURRING TOOLS Safety Instruction Guide

## Introduction

Thank you for choosing the RCBS Flash Hole Deburring Tools. This tool is designed to enhance your reloading experience by ensuring a clean and precise flash hole, which is essential for reliable ignition. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good condition.
- Do not use the tool if damaged or if parts are missing.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from metal shavings and debris.
- Use the tool in a welllit and stable work environment.
- Ensure your hands are dry and clean when handling the tool.
- Avoid using excessive force when deburring to prevent damage to the tool and the brass.
- Do not attempt to modify or repair the tool yourself.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the deburring tool and the brass cases you intend to deburr.
- Ensure your work area is clean and organized.

### 2. Using the Tool:

- Insert the brass case into the tool's selfcentering pilot collar.
- Adjust the stop to the desired depth to prevent the removal of too much brass.
- Firmly hold the tool and gently rotate it to remove any burrs from the inside of the flash hole.
- Check the flash hole for cleanliness after each use.

### 3. PostUse Care:

- Clean the tool after each use to remove any brass shavings or debris.
- Store the tool in a dry, safe place when not in use.

## Disposal Instructions

- Dispose of the tool in accordance with local regulations for metal recycling.
- Do not dispose of the tool in regular household waste.
- If the tool is damaged beyond repair, contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the RCBS Flash Hole Deburring Tools, please refer to the manufacturer's website or customer service for assistance. Ensure you have the product details ready for reference.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience with the RCBS Flash Hole Deburring Tools!
