# Safety Instruction Guide for AR .308 5/824" ACCUWASHER SYSTEM

## Introduction

Thank you for choosing the AR .308 5/824" ACCUWASHER SYSTEM by Precision Armament. This product is designed to improve the installation of muzzle brakes and flash hidere while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use this product with compatible muzzle brakes and flash hidere designed for 5/8" x 24 threads.
- Do not exceed the recommended torque specifications when installing muzzle accessories.
- Avoid using excessive force during installation to prevent damage to the washers or the muzzle device.
- Ensure that the washers are properly indexed and seated to avoid misalignment.
- Do not attempt to modify or alter the washers or any component of the system.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a torque wrench.

### 2. Selecting the Washer:

- Choose the appropriate washer from the set based on the desired timing for your muzzle brake or flash hider.
- The set includes 18 washers of varying thicknesses for precise adjustments.

### 3. Installation Steps:

- Place the selected washer onto the muzzle device.
- Align the muzzle device with the barrel of the firearm.
- Handtighten the muzzle device onto the barrel.
- Using a torque wrench, tighten the muzzle device to the manufacturer's specified torque setting.
- Check the alignment and timing of the muzzle device. Adjust as necessary by switching washers.

### 4. Final Inspection:

- After installation, visually inspect the assembly to ensure everything is securely fastened and correctly aligned.
- Perform a function check of the firearm to ensure safe operation.

## **Disposal Instructions**

- Dispose of any damaged or worn washers in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any inquiries regarding the AR .308 5/824" ACCUWASHER SYSTEM, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Proper use and care of the AR .308 5/824" ACCUWASHER SYSTEM will help ensure a safe and effective experience.
