

# AR .308 M11 MUZZLE BRAKE 30 CALIBER - PRECISION ARMAMENT

## M11 MUZZLE BRAKE 30 CALIBER 5/8-24 SS BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

### Superior Recoil Management With Minimal Dust Signature

Designed for tactical applications that require minimal dust signature. A massive symmetrical blast baffle, combined with two compensated front baffles, redirect gas to the sides and upward delivering unparalleled recoil reduction while also minimizing muzzle rise and ground disturbance. High tolerance class-3 threads machined in same operation as bore aperture ensures perfect concentricity; this combined with a progressively decreasing baffle thickness minimizes bullet flight disturbance resulting in less yaw, higher BC, and improved accuracy. Computer FEA optimized for maximum strength to weight ratio and impact survivability. Precision CNC machined from high strength HTSR 400-series stainless steel bar for superior heat and corrosion resistance. Available in either an ultra wear resistant DLC (Diamond-Like Carbon) matte black finish, or stainless steel in-the-white, satin finish. Wrench flats on top and bottom for easy installation and removal. Accu-Washer Muzzle Alignment System advised for installation.

### Attributes

- Name: [PRECISION ARMAMENT M11 MUZZLE BRAKE 30 CALIBER 5/8-24 SS BLACK](#)
- Manufacturer: [PRECISION ARMAMENT](#)
- Product no.: 100010538
- Mfr. No.: A04006
- Caliber: 30 Caliber (.308)
- Finish: Black
- Material: Stainless Steel
- Size: 1.312
- Threads: 5/8-24
- Weapon type: AR .308
- Delivery weight: 0.181kg
- Shipping height: 38mm
- Shipping width: 36mm
- Shipping length: 69mm

# AR .308 M11 Muzzle Brake Safety Instruction Guide

## Introduction

Thank you for purchasing the AR .308 M11 Muzzle Brake. This product is designed for tactical applications that require minimal dust signature and exceptional recoil reduction. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this instruction guide.

## General Safety Guidelines

- Always handle firearms and accessories with care. Treat every firearm as if it is loaded.
- Ensure that the muzzle brake is compatible with your firearm before installation.
- Always wear appropriate eye and ear protection when using firearms equipped with a muzzle brake.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for signs of wear or damage. Do not use if damaged.
- Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- Ensure proper installation to avoid misalignment, which can lead to increased recoil and potential injury.
- Use only with firearms that have a caliber of .308 or 30 caliber and are equipped with 5/8x24 threads.
- Avoid using the muzzle brake in conditions where excessive dust or debris may be present, as it may affect performance.
- Never modify or attempt to repair the muzzle brake. Contact a qualified professional for any issues.
- Be mindful of the increased noise level when using a muzzle brake, as it may affect hearing.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather tools required for installation, including a torque wrench and the AccuWasher Muzzle Alignment System.

### 2. Installation Steps

- Remove any existing muzzle device from the firearm's muzzle.
- Clean the threads on the barrel to ensure proper fit and alignment.
- Align the muzzle brake with the barrel threads and handtighten it to avoid crossthreading.
- Use the torque wrench to tighten the muzzle brake to the manufacturer's specifications, ensuring it is secure but not overtightened.
- If using the AccuWasher Muzzle Alignment System, follow the specific instructions provided with the system.

### 3. Usage

- Once installed, check the alignment of the muzzle brake before each use.
- Fire the firearm in a safe environment and monitor for any unusual behavior or performance issues.
- After use, clean the muzzle brake as needed to maintain performance and appearance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the muzzle brake is damaged or no longer usable, do not throw it in regular trash. Contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the AR .308 M11 Muzzle Brake, please consult the manufacturer's website or contact their customer service directly. Ensure to have your purchase information available for reference.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your AR .308 M11 Muzzle Brake. Thank you for your attention to safety.
