

SUPER BRUSH BORE TIPS - SWAB-ITS BY SUPERBRUSH SWAB-ITS BORE TIPS FIT .30 CALIBER (.308)

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Bore Mops](#)

Reusable Foam Swabs For Precision Cleaning

Bore Tips are a convenient, all-in-one replacement for traditional jags and patches. They feature plastic adapters that fit 8-32 female threads commonly found on cleaning rods, and are reusable up to five times. Bore Tips tightly fit the bore for thorough cleaning, and the spongy foam absorbs solvents and oils for uniform application. Stands up to most cleaning chemicals. Note: .45 caliber Bore Tips will not fit .44 caliber barrels. Pair up with J-B Bore Cleaning Compound for a very easy clean.

Safety Instruction Guide for SUPER BRUSH BORE TIPS SWABITS BY SUPERBRUSH

Introduction

Thank you for choosing the SUPER BRUSH BORE TIPS SWABITS BY SUPERBRUSH. This product is designed to provide an effective and convenient solution for cleaning firearms. To ensure your safety and the optimal use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that you use the product as intended, following all instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- Do not use the product if it appears damaged or malfunctioning.
- Dispose of used Bore Tips responsibly, following local regulations.

Specific Safety Precautions for Use

- Always wear safety goggles when cleaning firearms to protect your eyes from solvents and debris.
- Use in a wellventilated area to avoid inhaling harmful fumes from cleaning solvents.
- Avoid contact with skin and eyes. If contact occurs, rinse thoroughly with water.
- Do not ingest any part of the product or cleaning solvents.
- Be aware of the specific caliber compatibility to avoid using the wrong size Bore Tips.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Bore Tips and cleaning solvents.

2. Attaching the Bore Tip:

- Select the appropriate Bore Tip for your firearm caliber (.30 Caliber/.308).
- Attach the Bore Tip to your cleaning rod by screwing it onto the 832 female thread until secure.

3. Cleaning Process:

- Apply a suitable cleaning solvent to the Bore Tip.
- Insert the Bore Tip into the bore of the firearm.
- Pull the cleaning rod through the bore with a steady motion, allowing the Bore Tip to clean the interior.
- Repeat as necessary, using a new Bore Tip if the current one becomes excessively dirty.

4. PostCleaning:

- After cleaning, remove the Bore Tip and clean it with water or a suitable solvent.
- Allow the Bore Tip to dry completely before storing it for future use.

Disposal Instructions

- Dispose of used Bore Tips in accordance with local waste disposal regulations.

- Do not dispose of Bore Tips in regular household waste if they have been contaminated with solvents or chemicals.

Contact Information for Further Support

For any safety inquiries or further assistance, please reach out to the designated EU contact point for product safety.

Thank you for your attention to these safety guidelines. Following these instructions will help ensure a safe and effective cleaning experience with your SUPER BRUSH BORE TIPS SWABITS BY SUPERBRUSH.
