## Improves Your Hold On A Troy Modular Railed Handguard

Heat-resistant rubber rail covers quickly snap into the circular cooling holes on Troy modular rail-and-chassis systems to provide you with a extra-comfortable, greatly improved grip while keeping added bulk to an absolute minimum. Each cover fills 6 holes and may be cut down to shorter lengths or installed end-to-end for longer lengths.

# AR15 SQUID GRIP ALPHA & DELTA RAIL COVER RUBBER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the AR15 SQUID GRIP ALPHA & DELTA RAIL COVER RUBBER by Troy Industries. This product is designed to enhance your grip and comfort while using your firearm. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the rail covers.
- Inspect the rail covers for any damage or defects before use. Do not use if damaged.
- Keep rail covers out of reach of children and vulnerable individuals.
- Use only as intended; this product is designed specifically for Troy modular rail and chassis systems.
- Follow all local laws and regulations regarding firearm accessories and safety.

## Specific Safety Precautions for Use

- **Heat Resistance:** The rail covers are made from heatresistant rubber. However, avoid prolonged exposure to extreme heat sources, as this may compromise their integrity.
- **Grip Maintenance:** Regularly check the grip for wear and tear. Replace if necessary to maintain optimal performance.
- **Installation Caution:** Ensure that the rail covers are securely fitted to avoid any accidental detachment during use.
- **Personal Protective Equipment:** Wear appropriate safety gear, such as gloves, when installing or handling the rail covers, especially if you are sensitive to rubber materials.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and in a safe condition.
- Clean the rail surface where the covers will be installed to ensure a secure fit.

### 2. Installation:

- Align the rail cover with the circular cooling holes on your Troy modular rail.
- Firmly press the cover into the holes until it snaps securely into place.
- Each cover fills 6 holes; if longer lengths are desired, multiple covers can be installed endtoend.
- If needed, the covers can be cut to shorter lengths to fit your specific requirements.

### 3. Usage:

- Once installed, test the grip to ensure it feels secure and comfortable.
- Use the rail covers to enhance your grip while handling the firearm, ensuring that your hands remain steady and controlled.

### 4. Removal:

- To remove the rail covers, gently pull them from the cooling holes, taking care not to damage the rail or cover.

## **Disposal Instructions**

- Dispose of any damaged or worn rail covers in accordance with local waste disposal regulations.
- Do not incinerate, as burning rubber can release harmful substances.
- If the product is no longer needed, consider recycling options for rubber materials where available.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer or your local retailer. Ensure that you have the product details handy for efficient assistance.

Thank you for your attention to these safety instructions. By following these guidelines, you can help ensure a safe and enjoyable experience with your AR15 SQUID GRIP ALPHA & DELTA RAIL COVER RUBBER.
