

# AR-15/M16 A5 MIL-SPEC BUFFER TUBE - VLTOR WEAPON SYSTEMS A5 RECEIVER EXTENSION TUBE

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tubes](#)

Specifically designed at the request of the U.S. Marine Corps, the EMOD A5 stock system enhances both operator comfort and the reliability of the rifle. With seven length-of-pull adjustment positions at .65" increments, the A5 system can offer a longer length of pull than an M16A2 fixed stock, yet collapses to the same length as an M4 carbine. A5 Receiver Extension and A5 Spring/Buffer kit are sold separately to enable upgrading an existing carbine to the longer, 7-position extension for use with other mil-spec M4-type buttstocks.

## Attributes

- Name: [VLTOR WEAPON SYSTEMS A5 RECEIVER EXTENSION TUBE](#)
- Manufacturer: [VLTOR WEAPON SYSTEMS](#)
- Product no.: 100010797
- Mfr. No.: RE-A5

# Safety Instruction Guide for AR15/M16 A5 MILSPEC BUFFER TUBE

## Introduction

Thank you for purchasing the AR15/M16 A5 MILSPEC BUFFER TUBE from VLTOR Weapon Systems. This guide provides essential safety instructions, installation, usage, and disposal information to ensure safe and effective use of your product. Please read this document thoroughly before use.

## General Safety Guidelines

- Ensure the product is compatible with your firearm model before installation.
- Always handle firearms with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage.
- Report any unsafe conditions or accidents associated with the product to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the A5 Receiver Extension with milspec 1.15" O.D. receiver extensions.
- Ensure the buffer tube is securely attached before using the firearm.
- Avoid using the product if it has been modified or damaged.
- Use only compatible M4type buttstocks with the A5 Receiver Extension.
- Follow all manufacturer guidelines for the installation and use of the buffer tube.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (e.g., wrench, screwdriver).

### 2. Installation Steps

- Remove the existing buffer tube from the firearm.
- Align the A5 Receiver Extension with the receiver and insert it securely.
- Tighten the buffer tube using the appropriate tools, ensuring it is firmly in place.
- Install the A5 Spring/Buffer kit as per the manufacturer's instructions (sold separately).

### 3. Usage Guidelines

- Adjust the length of pull to your preference using the seven adjustment positions.
- Ensure the stock collapses and extends smoothly without obstruction.
- Regularly check the tightness of the buffer tube to ensure safety during use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product concerns, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your AR15/M16 A5 MILSPEC BUFFER TUBE responsibly.
