

AK47/AKM OPTIC MOUNT SYSTEM - RS REGULATE AK-301 FRONT BIASED LOWER RAIL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Updated design allows for customization of the mounting platform. Option of three different lower mounts, with a full length lower rail, forward rail and rear rail. Placement of lower rail allows for optics to be positioned in the ideal location front to back, as well as right to left. Lightweight CNC machined aircraft grade 6061 T6 aluminum. Position optics in co-witness location. Allows field stripping of the rifle without removal of the optic on most AK variants. Redesigned thumb lever lock retains zero even after repeated optic removal and reinstallation. Ability to stake position for extreme duty. AKML allows the mounting of the Aimpoint T-1 and H-1 Micro Red Dot Optics AKOG allows the mounting of Trijicon ACOG sight systems

Attributes

AK47/AKM Optic Mount System RS Regulate AK301 Safety Instruction Guide

Introduction

Thank you for choosing the AK47/AKM Optic Mount System RS Regulate AK301. This product is designed to enhance your shooting experience by providing a secure and customizable mounting platform for optics. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is suitable for your specific AK47 or AKM model.
- Always handle firearms and accessories with care and respect.
- Store the optic mount system in a safe, dry place when not in use.
- Regularly inspect the optic mount for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearms and accessories.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's weight limits for mounted optics.
- Ensure that the optic is securely attached before using the firearm.
- Avoid using the optic mount system in extreme conditions unless it is rated for such use.
- If you experience any malfunction or unusual behavior from the optic or firearm, cease use immediately and consult a qualified gunsmith.
- Keep the optic mount and firearm out of reach of children and unauthorized users.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Select Mount:** Choose the appropriate lower mount (full length, forward rail, or rear rail) based on your preference.
3. **Attach Lower Rail:**
 - Align the chosen lower mount with the receiver side mount base dovetail.
 - Securely fasten the mount using the included hardware.
4. **Position Optics:**
 - Attach your optic (Aimpoint T1, H1, or Trijicon ACOG) to the lower rail.
 - Adjust the positioning to achieve the desired cowitness location.
5. **Locking Mechanism:** Engage the redesigned thumb lever lock to retain zero.
6. **Final Check:** Ensure all components are securely fastened before use.

Usage

- Always check the optic's alignment and zero before shooting.
- Practice safe firearm handling techniques at all times.
- If field stripping the rifle, ensure that the optic remains mounted as per the product specifications.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and metal products.
- Remove any nonrecyclable components and dispose of them separately.
- Ensure that all parts are rendered unusable before disposal to prevent accidental use.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or contact their customer support.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the AK47/AKM Optic Mount System RS Regulate AK301. Always prioritize safety and responsible handling practices. Thank you for your commitment to safe shooting practices.
