

AK47/AKM OPTIC MOUNT SYSTEM - RS REGULATE AK-302 REAR-BIASED LOWER RAIL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Updated design allows for customization of the mounting platform. Option of three different lower mounts, with a full length lower rail, forward rail and rear rail. Placement of lower rail allows for optics to be positioned in the ideal location front to back, as well as right to left. Lightweight CNC machined aircraft grade 6061 T6 aluminum. Position optics in co-witness location. Allows field stripping of the rifle without removal of the optic on most AK variants. Redesigned thumb lever lock retains zero even after repeated optic removal and reinstallation. Ability to stake position for extreme duty. AKML allows the mounting of the Aimpoint T-1 and H-1 Micro Red Dot Optics AKOG allows the mounting of Trijicon ACOG sight systems

Safety Instruction Guide for the AK47/AKM Optic Mount System RS Regulate AK302 RearBiased Lower Rail

Introduction

Thank you for choosing the AK47/AKM Optic Mount System RS Regulate AK302 RearBiased Lower Rail. This guide provides essential safety instructions and usage information to ensure the safe and effective operation of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific AK variant before installation.
- Always handle the optic mount system with care to avoid damage.
- Inspect the product for any visible defects before use.
- Ensure that all components are securely fastened before operating the firearm.
- Follow all local laws and regulations regarding firearm accessories and modifications.
- Keep the product out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- Avoid using the optic mount system if it shows signs of wear or damage.
- Do not exceed the weight limit specified by the manufacturer for mounted optics.
- Ensure that the optic is properly aligned and securely mounted to prevent dislodgment during use.
- When field stripping the rifle, follow the manufacturer's instructions to avoid accidental discharge.
- Be aware that the redesigned thumb lever lock retains zero, but repeated removal and reinstallation of the optic may still affect zero over time.
- Always wear appropriate safety gear, including eye protection, when handling firearms.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation.

2. Installation Steps

- Remove any existing optics or mounting systems from the rifle.
- Select the appropriate lower mount option (full length, forward rail, or rear rail) based on your preference.
- Align the chosen lower mount with the receiver side mount base dovetail on your AK or AKM rifle.
- Secure the mount using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Attach the optic to the mount, ensuring it is securely fastened and aligned.

3. Usage

- Position the optic in the desired cowitness location.
- Test the stability of the mount and optic by gently shaking the rifle.
- If necessary, adjust the position of the optic for optimal sight alignment.

4. Field Stripping

- To field strip the rifle, consult the firearm's manual for specific instructions.
- Remove the bolt carrier group and other components while ensuring the optic remains mounted.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- If the product is damaged or no longer in use, consider recycling the aluminum material where facilities are available.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any inquiries regarding safety or usage of the AK47/AKM Optic Mount System, please refer to the manufacturer's contact details provided with your product packaging.

By following these guidelines, you can ensure the safe use of your AK47/AKM Optic Mount System RS Regulate AK302 RearBiased Lower Rail. Always prioritize safety and compliance with applicable regulations. Thank you for your attention to these important instructions.
