

1911 ALIENS G10 GRIPS - VZ GRIPS VZ ALIENS GRIPS, BLACK

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Unique Texturing Patterns For Excellent Hold & Weapon Control

Rugged grip panels made from tough G10 fiberglass offer the durability and superior gripping texture of modern composite materials. Advanced G10 laminate won't absorb moisture, resists impact, and won't expand or contract due to temperature fluctuation—perfect for all-weather operations and extreme conditions. Texturing is CNC machined into the laminate, then hand-finished to ensure uniform pattern depth. The hard surface allows the texturing to be cut a little sharper to give more “bite” than traditional checkered wood grips. Aliens - Originally designed for the Precision Weapons Section of the U.S. Marine Corps, these grips feature a medium texture that's excellent for carry, tactical operations, general range activities, or competition use. Not cut for ambidextrous safety.

Attributes

1911 ALIENS G10 GRIPS Safety Instruction Guide

Introduction

Thank you for choosing the 1911 ALIENS G10 GRIPS by VZ GRIPS. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your new grips. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the grips are compatible with your firearm model (Government or Commander).
- Always handle your firearm safely and responsibly.
- Keep the grips away from moisture and extreme temperatures to maintain their integrity.
- Inspect the grips regularly for any signs of wear or damage.
- Do not use the grips if they show any signs of cracking or other structural issues.
- Store the firearm in a secure location, out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- The grips are not cut for ambidextrous safety; ensure that your firearm configuration is compatible.
- Use caution when handling the firearm with the new grips to avoid accidental discharge.
- The texturing on the grips is designed for enhanced grip. Ensure your hands are clean and dry before handling.
- Do not modify the grips in any way, as this may compromise their safety and performance.
- If you experience difficulty with grip control, consult a professional gunsmith for assistance.

Instructions for Installation and Usage

1. Installation Instructions:

- Ensure your firearm is unloaded and safe to handle before beginning the installation.
- Remove the existing grips from your firearm using the appropriate tools.
- Align the new G10 grips with the grip frame of your firearm.
- Secure the grips using the original screws, ensuring they are tightened adequately but not overtorqued to avoid damage.
- Doublecheck that the grips are firmly attached and do not shift during handling.

2. Usage Instructions:

- After installation, familiarize yourself with the feel of the new grips before using the firearm in a live environment.
- Practice safe firearm handling techniques at all times.
- Regularly check the grips for tightness and wear during your usage.

Disposal Instructions

- Dispose of any old grips and packaging materials responsibly and in accordance with local regulations.
- If the grips are damaged or no longer usable, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 1911 ALIENS G10 GRIPS, please refer to the manufacturer's website or contact your local distributor for assistance. Always ensure you have the latest safety updates and product information.

Thank you for your attention to these safety instructions. Enjoy your new grips and practice safe handling at all times.
