

# LITTLE CROW GUNWORKS WORLDS FINEST TRIMMER - LITTLE CROW GUNWORKS. 6.5MM CREEDMOOR TRIMMER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The "World's Finest Trimmer" lets you trim more cases in less time - and with less effort - using your electric drill as a power source. The adjustable cutter rotates and shortens the case until the shoulder contacts the close-fitting stop that is mounted in a bearing to prevent it from rotating and marring the case. Simply pick up a case and push it against the cutter until the excess brass is removed. Once you have the trimmer set up and get a rhythm going, you can easily maintain a pace of 8-10 cases per minute - a joy to use! Durable aluminum and stainless steel construction, with a high-speed steel cutter for years of reliable service. Units only trim cartridge cases to length. They do not chamfer or deburr the case mouth during trimming. These don't come with a dowel.

## Attributes

# Safety Instruction Guide for LITTLE CROW GUNWORKS World's Finest Trimmer

## Introduction

Thank you for choosing the LITTLE CROW GUNWORKS World's Finest Trimmer. This product is designed to help you trim cartridge cases efficiently and effectively. To ensure safe use and optimal performance, please read this safety instruction guide carefully before using the trimmer.

## General Safety Guidelines

- Always supervise the use of this product, especially around children and vulnerable individuals.
- Ensure that the trimmer is used only for its intended purpose: trimming cartridge cases.
- Regularly inspect the trimmer for any signs of wear or damage before each use.
- Follow all manufacturer instructions and guidelines for assembly, use, and maintenance.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the trimmer.
- Keep the workspace clean and free of clutter to prevent accidents.
- Do not use the trimmer if you are tired or under the influence of substances that may impair your judgment.

## Specific Safety Precautions for Use

- Do not exceed the recommended trimming speed of 810 cases per minute.
- Avoid contact with the cutter while it is in operation to prevent injury.
- Ensure that the case is properly positioned against the cutter before starting the trimming process.
- Do not attempt to modify or repair the trimmer yourself; contact a qualified technician for repairs.
- Keep hands and loose clothing away from the cutter during operation.
- Do not use the trimmer in wet or damp conditions to prevent electrical hazards.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure that your electric drill is compatible with the trimmer and is in good working condition.
- Attach the trimmer securely to the drill according to the manufacturer's instructions.

### 2. Trimming Process:

- Select a cartridge case to be trimmed.
- Hold the case firmly and push it against the cutter until the excess brass is removed.
- Release the case once the trimming is complete.
- Repeat the process for additional cases, maintaining a steady rhythm.

### 3. PostUse Care:

- Unplug the drill before removing the trimmer.
- Clean the trimmer after use to remove any brass shavings or debris.
- Store the trimmer in a safe, dry place when not in use.

## Disposal Instructions

- Dispose of the trimmer and any damaged parts according to local regulations.
- Do not dispose of the trimmer in household waste. Check with local authorities for proper disposal.

methods.

## **Contact Information for Further Support**
