

AR .308 M11 MUZZLE BRAKE 30 CALIBER - PRECISION ARMAMENT M11 MUZZLE BRAKE 30 CALIBER 5/8-24 SS SILVER

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Superior Recoil Management With Minimal Dust Signature

Designed for tactical applications that require minimal dust signature. A massive symmetrical blast baffle, combined with two compensated front baffles, redirect gas to the sides and upward delivering unparalleled recoil reduction while also minimizing muzzle rise and ground disturbance. High tolerance class-3 threads machined in same operation as bore aperture ensures perfect concentricity; this combined with a progressively decreasing baffle thickness minimizes bullet flight disturbance resulting in less yaw, higher BC, and improved accuracy. Computer FEA optimized for maximum strength to weight ratio and impact survivability. Precision CNC machined from high strength HTSR 400-series stainless steel bar for superior heat and corrosion resistance. Available in either an ultra wear resistant DLC (Diamond-Like Carbon) matte black finish, or stainless steel in-the-white, satin finish. Wrench flats on top and bottom for easy installation and removal. Accu-Washer Muzzle Alignment System advised for installation.

Attributes

- Name: [PRECISION ARMAMENT M11 MUZZLE BRAKE 30 CALIBER 5/8-24 SS SILVER](#)
- Manufacturer: [PRECISION ARMAMENT](#)
- Product no.: 100011352
- Mfr. No.: A04007
- Caliber: 30 Caliber (.308)
- Finish: Silver
- Material: Stainless Steel
- Size: .850
- Threads: 5/8-24
- Weapon type: AR .308
- Delivery weight: 0.045kg
- Shipping height: 38mm
- Shipping width: 41mm
- Shipping length: 69mm

AR .308 M11 Muzzle Brake Safety Instruction Guide

Introduction

Thank you for purchasing the AR .308 M11 Muzzle Brake. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure the muzzle brake is compatible with your firearm before installation.
- Keep the muzzle brake and all firearm accessories out of reach of children.
- Regularly inspect the muzzle brake for signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications.
- Use protective gear, including safety glasses and hearing protection, when firing your weapon.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the muzzle brake.
- Do not attempt to modify the muzzle brake or use it in ways not specified in this guide.
- Avoid using the muzzle brake with ammunition types not recommended by the manufacturer.
- Be aware of your surroundings when firing to prevent unintended injury or damage.
- Always use the muzzle brake in a wellventilated area to avoid inhaling harmful gases.
- If you experience unusual recoil or noise while using the muzzle brake, cease use immediately and inspect the product.

Instructions for Installation and Usage

Installation

1. Prepare Your Firearm

- Ensure the firearm is unloaded and pointed in a safe direction.

2. Remove Existing Muzzle Device

- If applicable, carefully remove any existing muzzle device from the firearm.

3. Install Muzzle Brake

- Align the muzzle brake with the threads on the barrel (5/824).
- Handtighten the muzzle brake onto the barrel until snug.
- Use a wrench on the flats of the muzzle brake for final tightening, ensuring not to overtighten.

4. Check Alignment

- Ensure the muzzle brake is properly aligned with the bore of the firearm.

5. Final Inspection

- Inspect the installation for any gaps or misalignments before using the firearm.

Usage

- When firing, maintain a firm grip on the firearm and be aware of the reduced recoil and muzzle rise.
- Always follow standard firearm safety practices when using the firearm equipped with the muzzle brake.

Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations regarding metal recycling.
- If the muzzle brake shows signs of damage or wear, do not use it and ensure it is disposed of properly to prevent accidents.

Contact Information for Further Support

For any questions or concerns regarding the AR .308 M11 Muzzle Brake, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

Thank you for prioritizing safety and compliance while using the AR .308 M11 Muzzle Brake. Your attention to these guidelines helps ensure a safe and enjoyable experience.
