

1911 CARRY GROOVE GRIPS - HARRISON DESIGN & CONSULTING

CARRY GROOVE GRIPS, THUMB SCOOP

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Combines A Secure Grasp With Non-Snag Carry

Durable machined G10 fiberglass grips are almost impervious to solvents, moisture, and expansion/contraction due to temperature extremes. Five, deep, vertical grooves in each panel and fine-line diagonal texturing help you retain a solid grip on the pistol but won't snag like traditional checkering. Still allows a quick shift of grip for reloads, and also easier on clothes and your skin during carry. The "TS" grips feature a thumb scoop on the left hand panel that allows better access to the magazine catch. For shooters with short digits, this thumb scoop will make your magazine changes more certain. The HD-300-TS Carry Groove grips feature a beveled bottom. The HD-300-TS come equipped with the Thumb Scoop to give your thumb easier access to the magazine catch so you don't have to shift the gun in your grip as much during mag changes. The HD-303-TS Carry Groove grips feature a square bottom with no pin notch to match up to add-on mag wells. The HD-303-TS come equipped with the Thumb Scoop to give your thumb easier access to the magazine catch so you don't have to shift the gun in your grip as much during mag changes. HD-300-S-TS Slim Carry Groove Grips are a nominal .180" thick with the new Ambi-Verifiable feature. The Ambi-Verifiable pocket allows you to use the grips as they come out of the bag on your pistols with a strong-side only safety. If you have an ambi thumb safety, you can easily trim away the back wall with a sharp box cutter, opening the pocket up for your ambi safety. Features Beveled Bottom and exposed pin notch.

Safety Instruction Guide for 1911 Carry Groove Grips

Introduction

Thank you for choosing the 1911 Carry Groove Grips by Harrison Design & Consulting. This guide provides essential safety information and instructions to ensure the safe and effective use of your new grips. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the grips are compatible with your specific model of the 1911 pistol (Government, Commander, or Officers Model).
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Store your grips and firearm in a secure location, out of reach of children and unauthorized users.
- Inspect the grips for any damage or defects before installation. Do not use if damaged.
- Be aware of the potential hazards associated with firearms, including accidental discharge and injury.

Specific Safety Precautions for Use

- When changing magazines, ensure the firearm is pointed in a safe direction.
- Avoid wearing loose clothing that may interfere with your grip or the operation of the firearm.
- If you have short fingers, be cautious when using the thumb scoop feature; ensure it does not hinder your grip.
- Regularly clean the grips to maintain their texture and performance. Use appropriate cleaning agents that do not damage G10 fiberglass.
- If you experience any discomfort or difficulty when using the grips, discontinue use and consult a professional.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grips from your firearm by unscrewing the grip screws.
- Align the new Carry Groove Grips with the grip frame of the pistol.
- Secure the grips in place by tightening the screws carefully. Do not overtighten, as this may damage the grips or the firearm.

2. Usage:

- Practice handling your firearm with the new grips to familiarize yourself with their features.
- Use the thumb scoop feature to facilitate magazine changes, ensuring a firm grip on the firearm during the process.
- Regularly check the fit of the grips and the tightness of the screws to ensure safe operation.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the grips become damaged beyond repair, dispose of them responsibly. Check local regulations for proper disposal methods for G10 fiberglass materials.

Contact Information for Further Support

For any inquiries regarding the grips, safety concerns, or product support, please refer to the manufacturer or retailer from whom you purchased the product. They will provide the necessary assistance in accordance with EU regulations.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your 1911 Carry Groove Grips. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
