Combines A Secure Grasp With Non-Snag Carry

Durable machined G10 fiberglass grips are almost impervious to solvents, moisture, and expansion/contraction due to temperature extremes. Five, deep, vertical grooves in each panel and fine-line diagonal texturing help you retain a solid grip on the pistol but won't snag like traditional checkering. Still allows a quick shift of grip for reloads, and also easier on clothes and your skin during carry. The "TS" grips feature a thumb scoop on the left hand panel that allows better access to the magazine catch. For shooters with short digits, this thumb scoop will make your magazine changes more certain. The HD-300-TS Carry Groove grips feature a beveled bottom. The HD-300-TS come equipped with the Thumb Scoop to give your thumb easier access to the magazine catch so you don't have to shift the gun in your grip as much during mag changes. The HD-303-TS Carry Groove grips feature a square bottom with no pin notch to match up to add-on mag wells. The HD-303-TS come equipped with the Thumb Scoop to give your thumb easier access to the magazine catch so you don't have to shift the gun in your grip as much during mag changes. HD-300-S-TS Slim Carry Groove Grips are a nominal .180" thick with the new Ambi-Verifiable feature. The Ambi-Verifiable pocket allows you to use the grips as they come out of the bag on your pistols with a strong-side only safety. If you have an ambi thumb safety, you can easily trim away the back wall with a sharp box cutter, opening the pocket up for your ambi safety. Features Beveled Bottom and exposed pin notch.

Safety Instruction Guide for 1911 Carry Groove Grips

Introduction

Thank you for choosing the 1911 Carry Groove Grips by Harrison Design & Consulting. This guide provides essential safety instructions and information for the safe use and maintenance of your grips. Please read this guide carefully to ensure proper usage and to minimize any risks associated with the product.

General Safety Guidelines

- Ensure that the grips are compatible with your firearm model before installation.
- Inspect the grips regularly for any signs of wear or damage.
- Avoid using the grips with firearms that are not designed for them.
- Keep the grips and the firearm out of reach of children and unauthorized users.
- Always follow safe firearm handling practices when using your pistol.

Specific Safety Precautions for Use

• Installation Precautions:

- Only install the grips when the firearm is unloaded.
- Use appropriate tools to avoid damaging the grips or the firearm.

• Handling Precautions:

- Always treat your firearm as if it is loaded.
- Maintain a firm grip on the firearm while handling to prevent accidental drops.

• Environmental Precautions:

- Avoid exposing the grips to harsh chemicals or extreme temperatures that may affect their integrity.
- Store the firearm in a safe, dry place when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grips using the appropriate tools.
- Align the new grips with the mounting holes on the firearm.
- Securely fasten the grips in place, ensuring they are tight but not overtorqued to avoid damage.

2. Usage:

- Hold the firearm with a firm grip, utilizing the grooves for added control.
- Practice transitioning your grip for magazine changes without shifting the firearm excessively.
- Regularly check the grip for any looseness or damage before use.

Disposal Instructions

- Dispose of the grips in accordance with local regulations.
- If the grips are damaged or no longer usable, consider recycling if applicable.
- Do not dispose of grips in regular household waste if they contain hazardous materials.
