

AK47/AKM OPTIC MOUNT SYSTEM - RS REGULATE AKML AIMPOINT MICRO UPPER MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Updated design allows for customization of the mounting platform. Option of three different lower mounts, with a full length lower rail, forward rail and rear rail. Placement of lower rail allows for optics to be positioned in the ideal location front to back, as well as right to left. Lightweight CNC machined aircraft grade 6061 T6 aluminum. Position optics in co-witness location. Allows field stripping of the rifle without removal of the optic on most AK variants. Redesigned thumb lever lock retains zero even after repeated optic removal and reinstallation. Ability to stake position for extreme duty. AKML allows the mounting of the Aimpoint T-1 and H-1 Micro Red Dot Optics AKOG allows the mounting of Trijicon ACOG sight systems

Attributes

AK47/AKM Optic Mount System RS Regulate AKML Aimpoint Micro Upper Mount Safety Instructions

Introduction

Thank you for choosing the AK47/AKM Optic Mount System RS Regulate AKML Aimpoint Micro Upper Mount. This guide provides essential safety instructions to ensure the safe use and installation of your optic mount system. Please read this document carefully before use.

General Safety Guidelines

- Always ensure the optic mount is compatible with your specific AK or AKM rifle model.
- Inspect the optic mount before each use for any signs of damage or wear.
- Do not exceed the manufacturer's weight limit for optics mounted on the system.
- Ensure that the optic is securely attached to the mount before use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation may lead to optic misalignment or detachment during use.
- Using incompatible optics may cause damage to the mount or the optic itself.

- **Avoiding Hazards:**

- Always follow installation instructions carefully.
- Use only optics specified by the manufacturer (Aimpoint T1 and H1 Micro Red Dot Optics, Trijicon ACOG).
- Regularly check the thumb lever lock for proper function to retain zero.
- Ensure that the rifle is unloaded when installing or adjusting the optic mount.
- Do not modify the optic mount in any way, as this may compromise safety.

Instructions for Installation and Usage

1. Installation:

- Ensure that the rifle is unloaded.
- Select the appropriate lower mount based on your preference for positioning.
- Securely attach the lower mount to the rifle's receiver side mount base dovetail.
- Attach the fulllength lower rail, forward rail, or rear rail as desired.
- Position the optic on the mount, ensuring it fits securely.
- Tighten all screws and locks according to the manufacturer's specifications.
- Check the thumb lever lock to ensure it retains zero.

2. Usage:

- Confirm that the optic is properly aligned before use.
- Use the mount in accordance with the intended purpose for optimal performance.

- If you need to remove the optic for any reason, do so carefully, ensuring that the mount remains intact.
- After reinstallation, check that the optic returns to the same zero.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Consider recycling options available for aluminum and other materials.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided on the product packaging or website. It is important to have access to support for any concerns you may have.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your AK47/AKM Optic Mount System RS Regulate AKML Aimpoint Micro Upper Mount responsibly.
