

AR-15 MOE K2 GRIP - MAGPUL MOE-K2 GRIP POLYMER FOR AR-15/M4 ODG

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

The MOE-K2 is a drop in upgrade for AR15/M4 pistol grips with a more vertical grip angle optimized for short LOP weapons, such as PDW (Personal Defense Weapons) configurations. It has an aggressive texture for positive weapon control and is compatible with Magpul Grip Cores for storage customization. This grip will function properly with 7.62 NATO AR10/SR25 style of rifles but, depending on the make of the rifle, may or may not leave a gap between the 'beaver tail' and the receiver. This gap is purely aesthetic and will not affect function.

Attributes

- Name: [MAGPUL MOE-K2 GRIP POLYMER FOR AR-15/M4 ODG](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 100011681
- Mfr. No.: MAG522-ODG

AR15 MOE K2 Grip Safety Instruction Guide

Introduction

Thank you for choosing the AR15 MOE K2 Grip by Magpul. This guide provides essential safety instructions to ensure safe use and installation of your new grip. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the grip is compatible with your specific AR15 or M4 model.
- Inspect the grip for any visible damage before installation. Do not use if damaged.
- Keep the grip and all firearm components out of reach of children and unauthorized users.
- Always follow local laws and regulations regarding firearm modifications and accessories.
- Store the grip in a dry, cool place when not in use to prevent deterioration.

Specific Safety Precautions for Use

- Use the grip only as intended. It is designed for use with AR15 and M4 platforms.
- Do not modify the grip in any way that could affect its performance or safety.
- When installing the grip, ensure that the firearm is unloaded and pointed in a safe direction.
- Be aware that the grip may not fit all rifle models perfectly, which may result in a gap between the grip and the receiver. This gap is aesthetic and does not affect functionality.
- If you experience any issues with the grip during use, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and safe.
- Gather necessary tools: a screwdriver suitable for the grip screws.

2. Removing the Old Grip:

- Locate the screws securing the existing grip to the firearm.
- Carefully remove the screws and set them aside.
- Gently pull the old grip away from the receiver.

3. Installing the MOEK2 Grip:

- Align the new MOEK2 grip with the mounting hole on the receiver.
- Secure the grip by inserting and tightening the screws removed from the old grip. Ensure they are snug but do not overtighten to avoid damage.

4. Final Check:

- Check the installation for stability. The grip should be firmly attached without any movement.
- Conduct a function check of the firearm to ensure all components are working properly.

Disposal Instructions

- Dispose of the grip according to local regulations. If the grip is damaged beyond use, consider recycling the polymer material if facilities are available.
- Do not dispose of the grip in regular household waste if it can be recycled.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please consult the appropriate contact resources available in your region.

By following these guidelines, you can ensure a safe and enjoyable experience with your AR15 MOE K2 Grip. Thank you for prioritizing safety and compliance.
