

# RAIL MOUNT MONOPODS - ACCU-SHOT TALL PRM MONOPOD RAIL 5.5-6.5" QUICK KNOB

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Monopods](#)

The Accu-Shot Monopods are designed to add stability and provide easy elevation adjustment for bi-pod equipped rifles. The Precision Rail Monopod (PRM) from Accu-Shot attaches to a Picatinny rail and has several applications other than monopod use, such as a folding vertical fore grip. It easily folds up and retracts out of the way when not in use. We're offering the PRM with the factory upgraded "Quick Knob" for faster target acquisition. The "Quick Knob" enables the user to make quick adjustments with the push of a button. Depressing the spring loaded button allows your monopod to slide up or down for gross adjustment so that you can find your desired sight picture. Release the button and re-engage the actuator rod threads and rotate the knob for fine adjustment. Available in Standard (3.75" - 4.65"), Mid-range (4.75" - 5.65") and Extended height (5.65" - 6.60") heights with Quick Knob.

## Attributes

- Name: [ACCU-SHOT TALL PRM MONOPOD RAIL 5.5-6.5" QUICK KNOB](#)
- Manufacturer: [ACCU-SHOT](#)
- Product no.: 100012040

# Safety Instruction Guide for AccuShot Rail Mount Monopod

## Introduction

Thank you for choosing the AccuShot Rail Mount Monopod. This product is designed to enhance the stability and adjustability of bipod equipped rifles. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information on product safety, usage, installation, and disposal.

## General Safety Guidelines

- Always read the instruction manual before using the product.
- Ensure the product is suitable for your specific rifle model.
- Inspect the monopod for any damage before each use. Do not use if damaged.
- Keep the monopod out of reach of children to prevent accidents.
- Use the product in accordance with all applicable laws and regulations.
- Report any unsafe conditions or accidents associated with the product to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the Quick Knob is securely engaged before adjusting the monopod height.
- Avoid placing excessive weight on the monopod when it is not securely attached to the rifle.
- Do not use the monopod on unstable surfaces that may cause tipping or falling.
- When making adjustments, ensure your hands are clear of moving parts.
- Always maintain a safe distance from the muzzle of the rifle when adjusting the monopod.
- Be mindful of your surroundings and ensure you have a clear line of sight when using the monopod.

## Instructions for Installation and Usage

### Installation

1. **Identify Attachment Point:** Locate the Picatinny rail on your rifle where the monopod will be attached.
2. **Align Monopod:** Position the monopod over the Picatinny rail, ensuring it aligns properly.
3. **Secure Monopod:** Slide the monopod onto the rail until it clicks into place. Ensure it is locked securely.
4. **Test Stability:** Gently pull on the monopod to confirm it is attached securely before use.

### Usage

1. **Adjusting Height:**
  - To make gross adjustments, depress the Quick Knob button. This will allow the monopod to slide up or down.
  - Once the desired height is reached, release the button to lock the position.
  - For fine adjustments, engage the actuator rod threads by rotating the knob until the desired height is achieved.
2. **Folding the Monopod:**
  - To fold the monopod when not in use, simply retract it by pushing it down and out of the way.
  - Ensure it is fully retracted and locked before storing.
3. **Safety Check:** After installation and adjustments, always conduct a safety check before using the rifle.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area.

## **Contact Information for Further Support**

For any inquiries regarding product safety, installation, or usage, please refer to the manufacturer's website or contact your local retailer.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your AccuShot Rail Mount Monopod responsibly.
