# RUGER 10/22™ Rear Sight with Rail Safety Instruction Guide

## Introduction

Thank you for choosing the RUGER 10/22™ Rear Sight with Rail by NODAK SPUD LLC. This guide provides important safety information and instructions to ensure the proper installation and usage of your rear sight. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the rear sight is installed correctly to avoid any accidents or misalignments.
- Always handle firearms with care and follow all safety protocols.
- Keep the rear sight and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the rear sight for any signs of wear or damage.
- Use the rear sight only with the Ruger 10/22 Front Sight (100007029 or 100007239) to maintain safety and functionality.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or adjusting the rear sight.
- Do not attempt to modify the rear sight in any way, as this may compromise safety and performance.
- Use caution when adjusting the sight to avoid pinching fingers or causing injury.
- Make sure the firearm is pointed in a safe direction during installation and adjustment.
- If you experience any difficulties during installation or usage, stop and seek assistance.

## Instructions for Installation and Usage

### 1. Installation

- Gather the necessary tools: You will need a Torx screwdriver for installation.
- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing rear sight from the Ruger 10/22 if applicable.
- Align the new rear sight with the mounting holes on the receiver of the Ruger 10/22.
- Secure the rear sight using the four Torx head screws provided. Tighten the screws evenly to ensure a secure fit.
- Check for stability by gently tugging on the sight.

### 2. Adjustment

- The rear sight features A1 style adjustments with an A2 aperture.
- Use the windage adjustment to align the sight with your target. The rear sight has 10 windage positions for fine adjustments.
- Make sure to test the adjustments at the range to ensure accuracy.

### 3. Usage

- Always use the rear sight in conjunction with the appropriate front sight for optimal sight picture.
- Practice safe firearm handling at all times. Never point the firearm at anything you do not intend to shoot.
- Regularly check the alignment and stability of the rear sight before use.

## **Disposal Instructions**

- When disposing of the rear sight, follow local regulations for the disposal of metal products.
- Do not throw the rear sight in the regular trash. Instead, consider recycling it or taking it to a designated disposal facility.

## **Contact Information for Further Support**

For any questions or concerns regarding the RUGER 10/22 Rear Sight with Rail, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy using your RUGER 10/22 Rear Sight with Rail responsibly!
