

# AR-15 LOWER RECEIVER REPAIR BLOCK - PRESENT ARMS INC

## AR-15 LOWER RECEIVER REPAIR BLOCK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Bench Blocks](#)

The Present Arms AR-15 Lower Repair Block is machined from synthetic non-marring polymer providing added support inside and out of the lower receiver. Securely held when pinned with the takedown and pivot pins of the receiver. The receiver can be mounted in both upright and inverted position for full access when assembling and disassembling. To be used with the Present Arms Patented Receiver Alignment Block. Ensuring correct 12-6 alignment of the receiver extension tube. Ensure correct stock alignment. The perfect platform and mount for the armorer.

# Safety Instruction Guide for the Present Arms AR15 Lower Receiver Repair Block

## Introduction

Thank you for choosing the Present Arms AR15 Lower Receiver Repair Block. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective experience while using the product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for safe handling and operation.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay updated on recall notices and safety alerts through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when using the repair block.
- Ensure that the AR15 lower receiver is unloaded and free of any ammunition before installation.
- Use the repair block in a wellventilated area to avoid inhalation of any dust or particles.
- Do not exceed the recommended weight limits of the repair block.
- Avoid using excessive force during assembly and disassembly to prevent damage to the receiver or repair block.
- Ensure that the takedown and pivot pins are securely fastened to avoid accidental dislodging during use.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the working area is clean and organized.
- Gather all necessary tools and safety equipment.

### 2. Installing the Lower Receiver

- Place the Present Arms AR15 Lower Receiver Repair Block on a stable surface.
- Align the AR15 lower receiver with the repair block.
- Insert the takedown and pivot pins through the designated holes in the repair block to secure the receiver in place.
- Confirm that the receiver is held firmly and does not shift during use.

### 3. Using the Repair Block

- The repair block can be used in both upright and inverted positions. Choose the position that provides the best access for your assembly or disassembly task.
- When working on the receiver, ensure that all components are handled with care.
- Use the Present Arms Patented Receiver Alignment Block to ensure correct 126 alignment of the receiver extension tube.
- Doublecheck stock alignment before finalizing any assembly.

### 4. PostUse

- After completing the assembly or disassembly, carefully remove the lower receiver from the repair block.
- Store the repair block in a safe and dry location.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Present Arms AR15 Lower Receiver Repair Block, please consult the manufacturer's contact information provided with the product packaging or visit their official website.

Thank you for your attention to these safety instructions. Your safety is our priority.
