

PMAG® AR/M4 GEN M3™ 5.56X45 NATO RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG GEN M3 5.56/.223 40RD FOR AR-15 BLK 1/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

PMAG® AR/M4 GEN M3 5.56x45 NATO RIFLE MAGAZINE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the PMAG® AR/M4 GEN M3 5.56x45 NATO Rifle Magazine. This safety instruction guide is designed to help you use the product safely and effectively. Please read this document thoroughly before using the magazine to ensure your safety and the safety of others.

General Safety Guidelines

- Always handle the magazine with care, as it is designed to hold ammunition.
- Keep the magazine out of reach of children and unauthorized users.
- Inspect the magazine for any signs of damage before use. Do not use a damaged magazine.
- Ensure that the magazine is compatible with your firearm before use.
- Follow all local laws and regulations regarding the possession and use of firearm magazines.

Specific Safety Precautions for Use

- Do not exceed the magazine's capacity of 30 or 40 rounds.
- Use only 5.56mm/.223 ammunition in this magazine.
- Avoid using the magazine in extreme temperatures or conditions that could affect its performance.
- When loading the magazine, ensure that the ammunition is seated properly to prevent jams.
- Never point the magazine at yourself or others when loading or unloading.
- Always treat the firearm as if it is loaded, even when the magazine is removed.

Instructions for Installation and Usage

1. Loading the Magazine:

- Hold the magazine with the feed lips facing up.
- Insert the first round into the magazine, ensuring it is seated properly.
- Continue loading rounds until the magazine reaches its capacity (30 or 40 rounds).
- Use the antitilt follower to ensure smooth feeding.

2. Inserting the Magazine:

- With the firearm pointed in a safe direction, align the magazine with the magazine well.
- Push the magazine firmly into the well until it clicks into place.

3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button and pull the magazine out of the magazine well.

4. Cleaning and Maintenance:

- Disassemble the magazine using the toolless design for easy cleaning.
- Clean the magazine body and follower with a soft cloth. Do not use harsh chemicals.
- Reassemble the magazine after cleaning and ensure it is functioning correctly.

Disposal Instructions

- When disposing of the magazine, ensure it is emptied of all ammunition.
- Follow local regulations for the disposal of polymer materials.
- Do not throw the magazine in regular household waste. Consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or concerns regarding the PMAG® AR/M4 GEN M3 5.56x45 NATO Rifle Magazine, please refer to the manufacturer's contact information provided with your product.

Note: Always stay updated on safety regulations and recalls by checking the EU's Safety Gate platform. Report any unsafe products or incidents to the appropriate authorities. Your safety and the safety of others depend on responsible handling and usage of firearm accessories.
