

M1A SOCOM ADJUSTABLE GAS SYSTEM - SCHUSTER M1A SOCOM ADJUSTABLE GAS SYSTEM

[Home](#)

Vented steel design changes cycle time by letting you adjust the gas volume in the cylinder. Quick adjustment of vent size with integral set-screw; eliminates changing screws for different vent sizes. Reduces battering on op rod, bolt lugs, receiver and trigger group.

Attributes

- Name: [SCHUSTER M1A SOCOM ADJUSTABLE GAS SYSTEM](#)
- Manufacturer: [SCHUSTER](#)
- Product no.: 100013743
- Mfr. No.: 10027
- Make: Springfield
- Model: M1A
- Delivery weight: 0.091kg

Item details

Made in USA

US export classification: 0A501.x

M1A SOCOM Adjustable Gas System Safety Instruction Guide

Introduction

Thank you for choosing the M1A SOCOM Adjustable Gas System by Schuster. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of firearms before using this product.
- Always follow the manufacturer's instructions for your firearm and any accessories.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for wear and damage before each use.
- Do not use the product if it shows signs of damage or malfunction.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay updated on any recalls or safety notices related to this product through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is unloaded before installing or adjusting the gas system.
- Only adjust the gas volume when the firearm is in a safe and controlled environment.
- Do not exceed the recommended gas volume settings as indicated by the manufacturer.
- Avoid pointing the firearm at anything you do not intend to shoot.
- Be aware of your surroundings and ensure a safe backdrop when discharging the firearm.
- Follow all relevant local laws and regulations concerning firearms and their accessories.

Instructions for Installation and Usage

Installation Instructions

1. Unloading the Firearm

- Ensure that the firearm is completely unloaded before beginning installation.

2. Removing the Old Gas System

- Carefully disassemble the firearm according to the manufacturer's instructions.
- Remove the old gas system from the firearm.

3. Installing the M1A SOCOM Adjustable Gas System

- Align the new gas system with the mounting points on the firearm.
- Securely fasten the gas system in place using the provided hardware.
- Ensure that all screws are tightened to the manufacturer's specifications.

4. Adjusting the Gas Volume

- Locate the vent size adjustment feature on the gas system.
- Use the integral setscrew to adjust the vent size according to your desired gas volume.
- Make small adjustments and test the firearm to ensure proper function.

Usage Instructions

- After installation, perform a function check to ensure the gas system operates correctly.
- Regularly check the gas system for any signs of wear or damage during routine maintenance.
- Adjust the gas volume as needed based on the type of ammunition used and the specific conditions of use.
- Always ensure the firearm is pointed in a safe direction when testing the gas system.

Disposal Instructions

- Dispose of this product in accordance with local regulations and guidelines for hazardous materials.
- If the product is damaged beyond repair, ensure that it is rendered unusable before disposal.
- Recycle materials when possible, following local recycling protocols.

Contact Information for Further Support

For any questions or concerns regarding the M1A SOCOM Adjustable Gas System, please refer to the manufacturer's website or support channels for assistance.

Thank you for prioritizing safety and responsible use. Enjoy your M1A SOCOM Adjustable Gas System!
