

MS3® GEN2 SINGLE QD MULTI-MISSION ONE/TWO-POINT RIFLE SLING - MAGPUL MS3 GEN2 SINGLE QD ONE/TWO-POINT RIFLE SLING RANGER GREEN

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Filling the same mission requirement as the standard MS3 Sling, the MS3 Single QD can quickly switch between one-point and two-point configuration. The MS3 Single QD maintains material construction and specifications identical to that of the standard MS3, but features a heavy-duty push-button QD Sling Swivel for the one-point (rear) weapon attachment rather than the Magpul Paraclip™. This modification allows compatibility with QD sling cups commonly found on lower receivers, receiver end plates, and buttstocks. The MS3 Single QD GEN2 incorporates a new low profile quick-adjust Slider which minimizes bulk and allows for secure, yet effortless, sling adjustment. Webbing length has also been increased for a comfortable fit with all body types and armor configurations. Made in USA and 100% Berry Amendment compliant. NSN: MAG515-COY 1005-01-657-7616 FEATURES THE MS1® SLIDER Rapidly adjustable for length (shorter or longer) with new MS1 Slider Low-profile adjustment Slider for adding or removing sling tension in two-point mode with a single-hand MULTIPLE CONFIGURATIONS Designed for easy rapid convertability between one-point and two-point mode Heavy-duty push-button Quick Disconnect sling swivel for one-point attachment Paraclip shackle allows for fast transition between one-point and two-point configuration Cross-Bolt Lock Bar in the Paraclip allows the user to optionally lock its lever closed for extra security MAGPUL POLYMER AND INDESTRUCTIBLE HARDWARE Lightweight heavy-duty reinforced polymer hardware Steel Paraclip lever is case hardened and finished with a QPQ salt bath nitride process for extreme resistance to wear and corrosion SNAG-FREE, HIGH DURABILITY WEBBING Custom 1.25 inch wide nylon webbing material is strong and wear resistant while remaining anti-chaff for user comfort No tails, loops, or other potential snag hazards Colored webbing has Near Infrared (NIR) treatment to reduce IR signature SPECS Length, Overall Nominal: 48-60 in. ± 5 in. adjustment Slider Adjustment Range: 10 in. Width, Webbing: 1.25" SLING MOUNTING REAR - Works with the Magpul ASAP® for optimal shoulder transitioning in one-point mode as well as with other end plates, receivers, and buttstocks that have a QD sling socket FRONT - Compatible with the Magpul RSA®, M-LOK® Paraclip™ Sling Mount, MSA®, and shotgun Forward Sling Mounts, as well as many snap-hook style sling loops* and standard or QD sling swivels for use in two-point mode * Snap-hook style sling loops with an inner diameter of at least 3/8" are required, but 9/16" and larger will provide full range of motion of the Paraclip

MS3® GEN2 Single QD MultiMission One/TwoPoint Rifle Sling Safety Instructions

Introduction

Thank you for choosing the MS3® GEN2 Single QD MultiMission One/TwoPoint Rifle Sling. This safety instruction guide provides essential information to ensure the safe use and maintenance of your rifle sling. Please read this guide carefully before use to minimize risks and ensure compliance with safety regulations.

General Safety Guidelines

- Ensure that the sling is used only for its intended purpose and with compatible firearms.
- Regularly inspect the sling for wear and damage before each use.
- Do not exceed the weight limit specified by the manufacturer.
- Keep the sling away from sharp objects and extreme temperatures.
- Store the sling in a dry place to prevent deterioration of materials.
- Always handle firearms safely and in accordance with local laws and regulations.
- Ensure that children and vulnerable individuals are supervised when using or handling the sling.

Specific Safety Precautions for Use

- Always ensure that the sling is securely attached to the firearm before use.
- When transitioning between onepoint and twopoint configurations, confirm that all components are locked in place.
- Avoid using the sling in conditions where it could become entangled or snagged.
- Do not modify the sling or its components in any way.
- Use caution when adjusting the sling length to avoid pinching fingers or causing injury.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.

Instructions for Installation and Usage

Installation

1. **Identify Sling Mounting Points:** Determine the appropriate mounting points on your firearm (rear and front).
2. **Attach Sling Swivel:**
 - For onepoint mode, attach the heavyduty pushbutton QD Sling Swivel to the rear mounting point.
 - For twopoint mode, attach the sling to both the front and rear mounting points.
3. **Check Security:** Ensure that all attachments are secure before proceeding.

Usage

- **OnePoint Configuration:**
 - Use the sling in onepoint mode for quick transitions and maneuverability.
 - Adjust the slider for a comfortable fit.
- **TwoPoint Configuration:**
 - Utilize the twopoint mode for stability and support.
 - Adjust the slider to achieve the desired length for comfort.

Adjusting the Sling

1. **Length Adjustment:** Use the lowprofile quickadjust slider to modify the length as needed.
2. **Tension Adjustment:** In twopoint mode, adjust the slider to add or remove tension using one hand.

Disposal Instructions

- Dispose of the sling in accordance with local regulations regarding textile waste.
- Do not burn the sling as it may release harmful substances.
- Consider donating or recycling if the sling is still in usable condition but no longer needed.

Contact Information for Further Support

For any safety inquiries or assistance regarding the MS3® GEN2 Single QD MultiMission One/TwoPoint Rifle Sling, please refer to the manufacturer's contact details available on the packaging or the official website.

By following these safety instructions, you can ensure the safe use and longevity of your MS3® GEN2 Single QD MultiMission One/TwoPoint Rifle Sling. Thank you for your attention to safety.
