

# AR-15/M16 MIL-SPEC BUFFER TUBE ASSEMBLY - BRAVO COMPANY AR-15/M16/M4 STOCK HARDWEAR MOUNTING KIT, MIL-SPEC

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tubes](#)

## All-In-One, Mounting Hardware Kit For Adjustable Buttstock

Compatible with Mil-Spec stocks, this kit contains all the necessary parts to mount a stock assembly onto your lower receiver. Six position buffer tube is machined from 7075 T6 aluminum to Mil-Spec dimensions with a Type III hardcoat anodized finish. Machined, high carbon steel castle nut is heat treated for extra strength and given a phosphate finish for durability. Kit also contains a standard 3 oz. carbine buffer and a carbine action spring made of high-tensile steel.

# Safety Instruction Guide for AR15/M16 MILSPEC BUFFER TUBE ASSEMBLY

## Introduction

Thank you for purchasing the AR15/M16 MILSPEC Buffer Tube Assembly from Bravo Company. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read this document thoroughly before installation and use.

## General Safety Guidelines

To ensure your safety and the safety of others, please follow these general safety guidelines:

- Always handle firearms and related components with care and responsibility.
- Ensure that the buffer tube assembly is compatible with your specific firearm model.
- Inspect all components for damage or defects before use.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep all firearms and components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

When using the AR15/M16 MILSPEC Buffer Tube Assembly, please observe the following precautions:

- Ensure that the firearm is unloaded before installation or maintenance.
- Wear appropriate safety gear, including eye protection, when handling or installing the buffer tube assembly.
- Avoid using excessive force during installation to prevent damage to components.
- Do not modify the buffer tube assembly or any of its components unless you are a qualified gunsmith.
- Regularly inspect the buffer tube assembly for wear and tear, especially after extensive use.
- If you notice any unusual sounds or performance issues during operation, cease use immediately and consult a qualified technician.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of your buffer tube assembly:

### 1. Preparation

- Gather all necessary tools, including a wrench for the castle nut and any other tools specified in your firearm's manual.
- Ensure your workspace is clean and free from distractions.

### 2. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing buffer tube if applicable, following your firearm's manual instructions.
- Take the new buffer tube assembly and align it with the lower receiver.
- Secure the buffer tube in place using the castle nut. Tighten the nut to the manufacturer's specifications, ensuring it is snug but not overtightened.
- Install the carbine buffer and spring according to your firearm's manual, ensuring they are seated properly.

### 3. Usage

- Once installed, test the buffer tube assembly by cycling the action of the firearm in a safe environment.
- Ensure that the stock is securely mounted and functions correctly before taking the firearm to the range.

### 4. PostUse Care

- After use, clean the buffer tube assembly and surrounding areas according to your firearm's maintenance guidelines.
- Store the firearm in a secure location when not in use.

## Disposal Instructions

When it comes time to dispose of the buffer tube assembly, please follow these guidelines:

- Do not dispose of any firearm components in regular household waste.
- Check local regulations for proper disposal methods of firearm parts and materials.
- If the buffer tube assembly is damaged or defective, consider contacting a qualified technician for guidance on disposal.

## Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 MILSPEC Buffer Tube Assembly, please refer to the contact information provided by the retailer or manufacturer. They can assist you with safety inquiries and product support.

Please keep this guide for future reference and ensure that anyone using the buffer tube assembly is aware of these safety instructions. Your safety and the safety of others depend on responsible handling and adherence to these guidelines.
