USGI Barrel Nut Wrench Safety Instruction Guide

Introduction

Thank you for purchasing the USGI Barrel Nut Wrench from Spikes Tactical. This product is designed for safe and effective use in the assembly and disassembly of AR15 barrel nuts. Please read this safety instruction guide carefully to ensure proper usage and to minimize risks associated with its use.

General Safety Guidelines

- Always use the wrench in accordance with the manufacturer's instructions.
- Inspect the wrench for any damage before each use. Do not use if damaged.
- Keep the wrench out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Ensure that the work area is clean and free from any obstructions.
- Be aware of your surroundings and ensure that no one is in the immediate vicinity during use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure the wrench is compatible with the specific barrel nut you are working on.
- Do not exceed the recommended torque specifications for the barrel nut.
- Avoid using excessive force that could lead to tool failure or injury.
- Do not modify the wrench in any way, as this can compromise its safety and effectiveness.
- Store the wrench in a dry place to prevent rust and degradation of materials.
- If using in a damp or humid environment, take extra precautions to prevent slipping.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials before starting.
- Ensure you have a stable work surface.

2. Using the Wrench

- Align the wrench with the barrel nut, ensuring that the pins fit securely into the notches.
- Apply firm and even pressure while turning the wrench to avoid slippage.
- If resistance is met, do not force the wrench. Instead, reassess the alignment and fit.
- Once the barrel nut is secured or removed, carefully detach the wrench.

3. PostUse Care

- Clean the wrench after use to remove any debris or residue.
- Store the wrench in its designated place to avoid damage.

Disposal Instructions

- Dispose of the wrench in accordance with local regulations for metal recycling.
- Do not dispose of the wrench in regular household waste.
