

BENELLI M1/M2 CARBON FIBER EXTENSION TUBE - LANCER SYSTEMS BENELLI M1/M2 MAGAZINE EXTENSION TUBE, 7 RDS

[Shotgun Parts](#) > [Magazine Tube Parts](#) > [Magazine Tube Extensions](#)

Lancer Carbon-Fiber Shotgun Extension Tubes (LSX) are designed to attach to existing shotgun magazine tubes to provide added capacity to the shotgun. Machined aluminum components combined with a lightweight carbon-fiber tube create a lightweight, durable extension to your shotgun. An extra-long spring is included that can be cut to optimize loading.

BENELLI M1/M2 Carbon Fiber Extension Tube

Safety Instructions

Introduction

Thank you for choosing the BENELLI M1/M2 Carbon Fiber Extension Tube from Lancer Systems. This product is designed to enhance the capacity of your shotgun while maintaining safety and performance. Please read this safety instruction guide carefully to ensure proper use and maintenance of the extension tube.

General Safety Guidelines

- Always handle firearms with care and treat every gun as if it is loaded.
- Ensure that the shotgun is unloaded before installing or handling the extension tube.
- Follow all local laws and regulations regarding the use of firearms and shotgun accessories.
- Store the extension tube and shotgun in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the extension tube and shotgun for signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the extension tube with compatible models (Benelli M1/M2) and gauge (12 Gauge).
- Do not exceed the rated capacity of the extension tube (7 rounds).
- Ensure that the extension tube is securely attached before use.
- Use only the recommended ammunition for your shotgun.
- Be aware of your surroundings and ensure that the shooting area is safe before firing.
- Keep your finger off the trigger until you are ready to shoot.
- Use appropriate eye and ear protection while shooting.

Instructions for Installation and Usage

1. Preparation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, such as a screwdriver if needed.

2. Installation:

- Remove the existing magazine tube cap from the shotgun.
- Align the Lancer Carbon Fiber Extension Tube with the magazine tube.
- Secure the extension tube by tightening it according to the manufacturer's specifications.
- Check that the extension tube is firmly attached and does not wobble.

3. Spring Installation:

- An extralong spring is included with the extension tube.
- Cut the spring to the appropriate length if necessary to optimize loading.
- Insert the spring into the extension tube, ensuring it is properly seated.

4. Loading:

- Load the shotgun according to the manufacturer's instructions.

- Do not exceed the maximum capacity of the extension tube (7 rounds).
- Ensure that the rounds are loaded properly and seated correctly.

5. Usage:

- Follow all safety precautions when using the shotgun with the extension tube.
- Regularly check the extension tube for any signs of wear or damage during use.

Disposal Instructions

- Dispose of the extension tube in accordance with local regulations.
- Do not dispose of the extension tube in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BENELLI M1/M2 Carbon Fiber Extension Tube, please consult the manufacturer's website or contact the relevant support channels available in your region.

Thank you for prioritizing safety and responsible use of your BENELLI M1/M2 Carbon Fiber Extension Tube. Enjoy your enhanced shooting experience.
