

BARREL SPINNER - LONGRIFLES BARREL SPINNER

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Barrel Spinners](#)

For many years gunmakers have been polishing barrels using a barrel spinner made from cast aluminum. These work great, but with commercial use the brittle castings are prone to cracking. These cassettes are 100% CNC machined from billet 6061 T6 bar stock. They are ergonomically profiled with radiuses on all contact surfaces to mitigate user fatigue. They fit standard 1" rectangular aluminum or steel tubing. Delrin center fitted with an O-ring in a groove that prevents the center from falling out of the inner bearing race, yet allows for easy removal. They also have a longer service life due to added material on the taper side, allowing for resurfacing of the taper.

Attributes

- Name: [LONGRIFLES BARREL SPINNER](#)
- Manufacturer: [LONGRIFLES](#)
- Product no.: 100014492
- Mfr. No.: NONE
- Delivery weight: 0.159kg
- Shipping height: 28mm
- Shipping width: 127mm
- Shipping length: 203mm

Safety Instruction Guide for BARREL SPINNER LONGRIFLES BARREL SPINNER

Introduction

Thank you for choosing the BARREL SPINNER LONGRIFLES BARREL SPINNER. This product is designed to assist in polishing gun barrels safely and effectively. To ensure a safe and positive experience, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always read the instruction manual before using the product.
- Ensure that the workspace is clean and free of obstructions.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety goggles and gloves when operating the barrel spinner.
- Regularly inspect the product for any signs of wear or damage before each use.
- Report any accidents or unsafe conditions to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the barrel spinner is securely attached to a stable surface before use.
- Do not exceed the recommended speed settings for the barrel spinner.
- Avoid using the product in wet or damp conditions to prevent electrical hazards.
- Do not operate the barrel spinner if you are tired or under the influence of substances that could impair your judgment.
- If you notice any unusual noises or vibrations during operation, stop using the product immediately and inspect it for issues.

Instructions for Installation and Usage

1. Installation:

- Select a stable workbench or surface that can support the weight of the barrel spinner.
- Ensure that the surface is clean and free of debris.
- Attach the barrel spinner to the 1" rectangular aluminum or steel tubing securely.
- Check that all connections are tight and that the spinner is stable before proceeding.

2. Usage:

- Before turning on the barrel spinner, ensure that all safety gear is worn.
- Insert the barrel into the spinner and ensure it is securely held in place.
- Turn on the barrel spinner and gradually increase the speed to the desired level.
- Monitor the operation closely for any signs of instability or malfunction.
- Once polishing is complete, turn off the spinner and carefully remove the barrel.

Disposal Instructions

- Dispose of the barrel spinner according to local regulations for electronic and metal waste.
- If the product is damaged beyond repair, ensure that it is rendered unusable before disposal to prevent any potential hazards.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the BARREL SPINNER LONGRIFLES BARREL SPINNER, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your new barrel spinner responsibly.
