CMMG 308 AR MK3 Bolt Rehab Kit Safety Instruction Guide

Introduction

Thank you for purchasing the CMMG 308 AR MK3 Bolt Rehab Kit. This kit contains essential components for repairing a 308 AR bolt. It is important to read and understand this safety instruction guide to ensure safe and effective use of the product.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- Always handle firearms and firearm components with care.
- Ensure that the firearm is unloaded before performing any maintenance or repairs.
- Use the kit only for its intended purpose as outlined in this guide.
- Keep the kit and all its components out of reach of children and unauthorized users.
- Regularly inspect all components for wear or damage before use.
- Store the kit in a safe and dry place.

Specific Safety Precautions for Use

When using the CMMG 308 AR MK3 Bolt Rehab Kit, please observe the following precautions:

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling firearm components.
- Be aware of your surroundings and ensure that you are in a safe location while working on your firearm.
- Avoid working on your firearm while under the influence of drugs or alcohol.
- Do not attempt to modify or alter any components of the kit unless specified in the instructions.
- If you are unsure about any aspect of the installation or usage, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the components in the CMMG 308 AR MK3 Bolt Rehab Kit:

1. Preparation

- Ensure the firearm is unloaded and in a safe condition.
- Gather all necessary tools and components from the kit.

2. Installation of Components

- **Firing Pin:** Remove the old firing pin and install the new Mk3 firing pin in accordance with your firearm's manual.
- **Firing Pin Retaining Pin:** Secure the firing pin with the Mk3 firing pin retaining pin.
- **Extractor:** Replace the old extractor with the new Mk3 extractor, ensuring it is properly seated.
- **Extractor Spring:** Install the Mk3 extractor spring (inner and outer) as per the manufacturer's instructions.
- **Extractor Pin:** Secure the extractor using the Mk3 extractor pin.
- **Helical Gas Ring:** Replace the gas ring with the new Mk3 helical gas ring.
- **Ejector Spring:** Install the Mk3 ejector spring.

- **Ejector:** Replace the old ejector with the new Mk3 ejector.
- **Ejector Roll Pin:** Secure the ejector with the Mk3 ejector roll pin.
- **Cam Pin:** Finally, replace the cam pin with the new Mk3 cam pin.

3. Final Checks

- After installation, doublecheck all components to ensure they are securely installed.
- Perform a function check of the firearm to ensure proper operation.

Disposal Instructions

When disposing of any components from the CMMG 308 AR MK3 Bolt Rehab Kit, please follow these guidelines:

- Dispose of used or damaged components in accordance with local regulations.
- Do not throw components in regular trash; instead, use designated disposal facilities for hazardous materials if applicable.
- Ensure that all disposed materials are out of reach of children and pets.

Contact Information for Further Support

For any questions or concerns regarding the CMMG 308 AR MK3 Bolt Rehab Kit, please refer to the manufacturer's website or contact their customer support for assistance. Be sure to have your product details ready for a more efficient inquiry.

Thank you for your attention to these safety instructions. Enjoy using your CMMG 308 AR MK3 Bolt Rehab Kit responsibly.
