

AR-15/M16/308 AR RECOIL BUFFER - KYNTEC CORPORATION AR-15 FIXED STOCK RECOIL BUFFER

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

Helps Cut Down On Shoulder Fatigue

Designed for law enforcement, sportsmen, and competitive shooters alike, these hydraulic buffers help reduce recoil, while diminishing wear and tear on parts. The sealed hydraulic cylinder is made of 17-4 stainless steel and features a nickel-plated cylinder rod with a high-impact striker cap. Hydraulic buffer easily replaces standard mass and spring buffer. Built to Mil-Spec standards, and U.S. Army tested, these buffers have been demonstrated to reduce cyclic rates, helping save ammunition and improve accuracy.

Attributes

- Name: [KYNTEC CORPORATION AR-15 FIXED STOCK RECOIL BUFFER](#)
- Manufacturer: [KYNTEC CORPORATION](#)
- Product no.: 100014775
- Mfr. No.: RB5001
- Weapon type: AR-15
- Delivery weight: 0.249kg
- Shipping height: 28mm
- Shipping width: 116mm
- Shipping length: 182mm
- UPC: 854476005010

Safety Instruction Guide for AR15/M16/308 AR Recoil Buffer

Introduction

Thank you for choosing the AR15/M16/308 AR Recoil Buffer by Kyntec Corporation. This product has been designed to enhance your shooting experience by reducing recoil and minimizing wear on your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the recoil buffer.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the recoil buffer is compatible with your firearm model.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Store the recoil buffer and your firearm in a secure location, out of reach of children and unauthorized users.
- Inspect the recoil buffer regularly for any signs of damage or wear.
- If you notice any issues, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the recoil buffer.
- Do not use the recoil buffer on Armalite ARstyle .308 carbines, as this may cause damage to the upper and lower receivers.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use the recoil buffer only as intended and according to the specifications provided.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded.
- Remove the existing mass and spring buffer from the firearm.
- Insert the Kyntec recoil buffer into the buffer tube, ensuring it is seated properly.
- Replace any retaining pins or fasteners as needed to secure the buffer in place.
- Check that the recoil buffer is securely installed before use.

2. Usage

- After installation, perform a function check to ensure the firearm operates correctly with the new recoil buffer.
- Use the firearm as intended, following all safety guidelines and precautions.
- Regularly inspect the recoil buffer during routine maintenance of your firearm.

Disposal Instructions

- Dispose of the recoil buffer responsibly, following local regulations for hazardous materials if applicable.
- Do not dispose of the recoil buffer in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of this product, please refer to the manufacturer's contact information provided with your purchase.

Conclusion

Your safety is our priority. By following these guidelines and instructions, you can ensure a safe and enjoyable experience with your AR15/M16/308 AR Recoil Buffer. Always remain vigilant and responsible when handling firearms and their accessories. Thank you for choosing Kyntec Corporation.
