## AR-308 FIXED STOCK RECOIL BUFFER

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

### Helps Cut Down On Shoulder Fatigue

Designed for law enforcement, sportsmen, and competitive shooters alike, these hydraulic buffers help reduce recoil, while diminishing wear and tear on parts. The sealed hydraulic cylinder is made of 17-4 stainless steel and features a nickel-plated cylinder rod with a high-impact striker cap. Hydraulic buffer easily replaces standard mass and spring buffer. Built to Mil-Spec standards, and U.S. Army tested, these buffers have been demonstrated to reduce cyclic rates, helping save ammunition and improve accuracy.

### Attributes

- Name: [KYNTEC CORPORATION AR-308 FIXED STOCK RECOIL BUFFER](#)
- Manufacturer: [KYNTEC CORPORATION](#)
- Product no.: 100014778
- Mfr. No.: RB5006
- Weapon type: AR .308
- Delivery weight: 0.091kg
- Shipping height: 38mm
- Shipping width: 114mm
- Shipping length: 198mm
- UPC: 854476005041

### Item details

Made in USA

US export classification: 0A501.x

# AR15/M16/308 AR Recoil Buffer Safety Instructions

## Introduction

Thank you for choosing the AR15/M16/308 AR Recoil Buffer from Kyntec Corporation. This product is designed to enhance your shooting experience by reducing recoil and improving accuracy. However, it is essential to understand the safety guidelines and proper use of this product to ensure safe operation and maximize its benefits.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the recoil buffer.
- Follow all manufacturer instructions for your specific firearm model.
- Use only compatible firearms as specified in the product specifications.
- Inspect the recoil buffer for any signs of damage or wear before each use.
- Keep the recoil buffer and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Compatibility:** This recoil buffer is designed for use with AR15, AR308, and similar firearms. It is not compatible with Armalite ARstyle .308 carbines, as this may cause damage to the upper and lower receivers.
- **Installation:** Ensure that the recoil buffer is installed correctly according to the provided instructions. Improper installation may lead to firearm malfunction or injury.
- **Usage:** Avoid using the recoil buffer in firearms that are not specified in the product specifications. Using it in incompatible firearms can lead to serious injuries.
- **Inspection:** Regularly check the buffer for integrity and function, especially after extended use or exposure to harsh conditions.
- **Storage:** Store the recoil buffer in a cool, dry place, away from direct sunlight and moisture to prevent corrosion or damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, if required.

### 2. Installation:

- Remove the existing mass and spring buffer from your firearm.
- Insert the Kyntec recoil buffer into the buffer tube, ensuring it is seated properly.
- For AR15 Carbine Buffer, ensure it has a 3.75" Overall Length (OAL).
- For AR15 Fixed Stock Buffer, ensure it has a 6.25" OAL.
- For AR.308 Shorty Collapsible Stock Buffer, ensure it has a 2.75" OAL.
- For AR.308 Standard Collapsible Stock, ensure it has a 3.75" OAL.
- For AR.308 Fixed Stock, ensure it has a 5.75" OAL.
- Ensure it fits DPMS and CMMG style M4 .308 stocks that use a 2.5 inch buffer system.

### 3. Usage:

- After installation, inspect the firearm to ensure the buffer is functioning correctly.
- Use the firearm in a safe environment, following all safety protocols.
- Monitor for any unusual sounds or behaviors during operation, which may indicate a problem.

## **Disposal Instructions**

- Dispose of the recoil buffer in accordance with local regulations.
- Do not dispose of in regular household waste.
- If the product is damaged or no longer in use, contact a local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR15/M16/308 AR Recoil Buffer, please refer to the Kyntec Corporation website or customer service for assistance. Ensure you have the product details at hand for quicker support.

By following these safety instructions, you can help ensure a safe and enjoyable shooting experience with your AR15/M16/308 AR Recoil Buffer. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
