

BABY SERIES SPRAY GUN - CERAKOTE BABY SERIES SPRAY GUN

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Paint Finishes](#) > [Airbrush Kits & Components](#)

These guns spray high-viscosity paints - including metallics - with ease.

Miniature, center post gravity feed spray gun is a full-featured HVLP gun with spray characteristics similar to Iwata's popular RG-3 gun. Using only 1.8 cfm at 13 psi, this low-air-consumption gun provides high atomization with precise control of the spray pattern and a minimum of overspray. Features adjustable spray pattern from round to full-fan shape. A stainless-steel nozzle, paint passage and heat-tempered needle ensure long-lasting, peak-performance spraying. Uses the reliable and easy-to-service cartridge-style "air-valve" set, which can be serviced outside the gun and easily placed back into the gun body. Its 4 150 ml stainless-steel gravity cup is center-mounted and rotates, allowing for spraying horizontally, vertically or underneath surfaces. Unlike siphon-feed guns, this gravity-feed cup will work with small amounts of paint without spitting. Ideal for touch-up or custom automotive and motorcycle painting, illustration background spraying, large studio work and murals. Spray pattern is from 1/8" to 6" (0.3 cm to 15.24 cm).

Attributes

- Name: [CERAKOTE BABY SERIES SPRAY GUN](#)
- Manufacturer: [CERAKOTE](#)
- Product no.: 100014852
- Mfr. No.: LPH-80-082G
- Delivery weight: 0.848kg
- Shipping height: 140mm
- Shipping width: 191mm
- Shipping length: 236mm

Safety Instruction Guide for BABY SERIES SPRAY GUN

Introduction

Thank you for choosing the BABY SERIES SPRAY GUN. This guide provides essential safety instructions to ensure the safe and effective use of the spray gun. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe use of the spray gun by following all instructions.
- Be aware of potential hazards associated with high viscosity paints and spray equipment.
- Always use the product in well ventilated areas to avoid inhalation of fumes.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates on product safety and recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including gloves, goggles, and a mask.
- Do not use the spray gun for any purpose other than intended.
- Avoid spraying in windy conditions to prevent overspray and inhalation.
- Do not point the spray gun at yourself or others during operation.
- Ensure the spray gun is properly maintained and serviced to prevent malfunctions.
- Do not attempt to service the air valve set while the gun is pressurized.

Instructions for Installation and Usage

1. Setting Up the Spray Gun:

- Ensure all components are clean and free from debris.
- Attach the stainless steel gravity cup securely to the spray gun.
- Check the nozzle and needle for proper installation.

2. Preparing to Spray:

- Select the appropriate paint for your project.
- Fill the gravity cup with the desired amount of paint, ensuring not to overfill.
- Adjust the spray pattern from round to full fan shape as needed.

3. Operating the Spray Gun:

- Connect the spray gun to an air compressor that delivers 1.8 cfm at 13 psi.
- Test the spray pattern on a scrap surface before starting the actual project.
- Hold the spray gun perpendicular to the surface and maintain a consistent distance.

4. Post Usage Care:

- Clean the spray gun thoroughly after each use to prevent paint buildup.
- Disassemble the spray gun as per the manufacturer's instructions for deep cleaning.
- Store the spray gun in a dry and safe location when not in use.

Disposal Instructions

- Dispose of any unused paint and cleaning solvents according to local regulations.
- Recycle the spray gun and its components where facilities exist.
- Do not dispose of the spray gun in household waste.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's website or customer support resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with the BABY SERIES SPRAY GUN. Always prioritize safety and adhere to local regulations when using spray equipment.
