

MOUNT-N-SLOT OFFSET QUICK DETACH MOUNT - Impact Weapons Components 45 OFFSET PICATINNY QD MOUNT

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Impact Weapons Components 45 Degree Offset design recesses the Quick Detach Socket as close to the centerline of the weapon as possible for maximum clearance. Directly attaches to all Picatinny MIL-Spec 1913 & STANG Rails and is compatible with all push button QD Sling Swivels. Rotation is limited to allow proper positioning of the sling between the firing and carrying position and prevents sling wrap-up and twist. The QD mount features easy installation using the supplied Hex Key and 2-10/32 x 1" SOC head fasteners. CNC Machined from 6061-T6 aluminum with a hard anodized Type III matte finish.

MOUNTNSLOT OFFSET QUICK DETACH MOUNT

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the MOUNTNSLOT OFFSET QUICK DETACH MOUNT from Impact Weapons Components. This product is designed to enhance your tactical setup by providing a secure and adjustable mounting solution. Please read the following safety instructions carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure that the mount is compatible with your firearm's Picatinny MILSpec 1913 & STANG Rails before installation.
- Regularly inspect the mount for any signs of wear or damage.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Store the mount in a cool, dry place when not in use to prevent deterioration.
- If you are unsure about the installation or use of this product, seek assistance from a qualified professional.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for the mount.
- Ensure that the QD Sling Swivel is securely attached before use.
- Avoid using the mount with incompatible accessories that may cause instability.
- Do not modify the mount or its components in any way.
- Keep the mount away from children and unauthorized users.

Instructions for Installation and Usage

1. Installation:

- Use the supplied Hex Key and 210/32 x 1" SOC head fasteners for installation.
- Align the mount with the Picatinny rail and ensure that it is securely fitted.
- Tighten the fasteners until snug, but do not overtighten to avoid damaging the mount or rail.
- Verify that the mount is stable and does not move under pressure.

2. Usage:

- Attach your sling to the QD Sling Swivel, ensuring a secure connection.
- Adjust the mount to the desired angle for optimal positioning between the firing and carrying positions.
- Regularly check the mount and sling for any signs of wear or looseness during use.
- If you experience any issues or notice any instability, discontinue use immediately and inspect the mount.

Disposal Instructions

- Dispose of the mount in accordance with local regulations.
- Do not dispose of the mount in regular household waste.
- Consider recycling the aluminum components if facilities are available.

Contact Information for Further Support

For any questions or concerns regarding the MOUNTNSLOT OFFSET QUICK DETACH MOUNT, please consult your retailer or refer to the manufacturer's website for additional resources and support.

By following these safety guidelines and instructions, you can ensure that you use the MOUNTNSLOT OFFSET QUICK DETACH MOUNT safely and effectively. Thank you for your attention to these important safety measures.
