

12-PIECE DIAMOND MICRO FILES - RAMRODZ INC. 12-PIECE DIAMOND MICRO FILES

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Files](#)

The Pro Series Diamond Coated Micro File set includes 12 individual files ranging in size from .030" –.120". Each tool features a diamond abrasive coating for precise filing and durability. These files are incredibly versatile, and come in handy for general parts fitting as well as many specialty applications including removing material from spring/detent channels for lower receiver builds, and deburring drilled holes when seating barrel tenons. Small sizes can also be used to deburr barrel threads and larger sizes are handy for cleaning barrel porting. The set covers a total of 10 sizes with duplicate cleaners in the 0.030" and 0.040" range. Each file is marked or color coded for size and are round files.

Safety Instruction Guide for 12Piece Diamond Micro Files

Introduction

Thank you for choosing the 12Piece Diamond Micro Files by RAMRODZ INC. This product is designed for precision filing and is suitable for various applications in crafting and repairs. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this instruction manual.

General Safety Guidelines

- Always use the files in accordance with the intended purpose.
- Keep the files out of the reach of children and vulnerable individuals.
- Inspect the files before use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) such as safety goggles and gloves to protect against dust and sharp edges.
- Do not use the files on materials for which they are not designed.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure a stable working surface to prevent slipping while filing.
- Avoid applying excessive force while using the files; let the tool do the work.
- Always file away from your body to minimize the risk of injury.
- Be cautious when deburring edges, as the files can create sharp fragments.
- Use the appropriate size file for the task to avoid damaging the workpiece or the file itself.
- Store the files in a safe, dry place after use to prevent damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials and tools required for your project.
- Ensure that your workspace is clean and welllit.

2. Selecting the Right File:

- Choose the appropriate file size based on the task:
 - .030".040" (x2)
 - .040".050" (x2)
 - .050".060"
 - .070".080"
 - .080".090"
 - .090".100"
 - .100".110"
 - .110".120"
 - .120".130"
- Each file is marked or colorcoded for easy identification.

3. Using the Files:

- Hold the file firmly by its handle.
- Position the file at the desired angle against the workpiece.

- Apply light pressure and file in a smooth, controlled motion.
- For deburring, use the round files to gently smooth out sharp edges and holes.

4. PostUse Care:

- Clean the files after use to remove any debris.
- Inspect for any damage or wear before storing.
- Store files in a protective case or designated storage area.

Disposal Instructions

- Dispose of any damaged or worn files in accordance with local regulations.
- Do not dispose of files in regular household waste if they are sharp or hazardous.
- Consider recycling options where available.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the 12Piece Diamond Micro Files, please reach out to the designated EU contact point provided with your purchase. Always refer to the product packaging for specific contact details.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your 12Piece Diamond Micro Files.
