

AR-15/M16 MOE-SL CARBINE LENGTH HANDGUARD - MAGPUL MOE-SL CARBINE LENGTH HANDGUARD, FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Sleek, Lightweight Design Replaces Bulky M4 Type Handguards

Reinforced, heat-resistant polymer hand guard is designed for carbine length gas systems with the triangular A2 front sight assembly. Easy to install handguard is a direct replacement for existing M4 carbine type hand guards and uses the existing delta ring and round front hand guard retaining cap. Slim profile improves weapon manipulation while the large, lower front lip and long side extensions protects the operator's hand from hot sight assembly. Integral riveted aluminum heat shield provides added protection from barrel heat. Versatile handguard features M-LOK slots at the two, six, and ten o'clock positions permits mounting MIL-STD-1913 Picatinny rails or other direct-attach accessories.

Safety Instruction Guide for AR15/M16 MOESL Carbine Length Handguard

Introduction

Thank you for purchasing the AR15/M16 MOESL Carbine Length Handguard by Magpul. This guide provides essential safety information to ensure the safe and effective use of your new handguard. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the handguard is compatible with your firearm model before installation.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Keep the firearm pointed in a safe direction at all times.
- Never modify the handguard or any firearm components in a way that could compromise safety.
- Regularly inspect the handguard for any signs of wear or damage. Replace if necessary.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- **Heat Safety:** The handguard is designed to protect your hand from hot surfaces. However, always be cautious when firing, as the front sight assembly can become hot.
- **Installation Safety:** Ensure that the firearm is unloaded and the safety is engaged before beginning installation.
- **Compatibility Warning:** This handguard must be used with a triangular A2 front sight assembly and is not compatible with other gas blocks. Using it with incompatible components may pose safety risks.
- **Child Safety:** Keep firearms and accessories out of reach of children. Ensure that all safety measures are in place to prevent unauthorized access.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and the safety is engaged.
- Gather necessary tools for installation (if required).

2. Installation:

- Remove the existing handguard by loosening the delta ring and sliding it off.
- Align the new MOESL handguard with the gas system and triangular A2 front sight assembly.
- Slide the handguard into place and secure it by tightening the delta ring.
- Ensure the handguard is firmly attached and does not move.

3. Usage:

- Familiarize yourself with the handguard's MLOK slots for mounting accessories.
- When using the firearm, maintain a firm grip on the handguard and be aware of barrel heat during prolonged use.
- Regularly check the attachment of the handguard and the condition of the firearm during use.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding plastic waste.
- If the handguard is damaged beyond use, consider recycling it if facilities are available in your area.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 MOESL Carbine Length Handguard, please consult your retailer or manufacturer's website for further assistance. Ensure you have the product model and details ready for more efficient support.

By following these guidelines, you can ensure the safe and effective use of your new handguard. Thank you for choosing Magpul.
