### Low-Profile Backup Sights Won't Interfere With Primary Optic

KAC's line of Micro Iron Sights are currently in use by the United States Army, Marine Corps and numerous law enforcement agencies worldwide. This is because they are built to exacting tolerances, maintain their zero under adverse conditions and, when folded, have one of the lowest profile top-rail footprints in the industry. The simple and rugged 300 Meter Folding Micro Rear Sight has a fixed post aperture, which is ideal for shooters who want an easy to use, close to medium range back-up sighting solution. The 300 Meter Micro Rear Sight is adjustable for windage only, and includes a snap-in polymer aperture insert that gives the user a more precise sight picture if desired. Zeroing Tips 300 Meter Rear Sights: Place a target 25 meters down range and fire a 3 round group(s). Adjust the front sight post and rear sight windage knob until the desired point-of-aim/point-of-impact is achieved. If possible, place a target 300 meters down range and confirm zero.

NOTE: Once zeroed by one of the above methods, the rear sight's 200, 300, 400, 500, and 600 meter range marks may be used for engaging targets at those distances. However, because the range markings are averaged between rifle and carbine barrel lengths, the exact point-of-aim/point-of-impact sight settings may differ a click or two for a given rifle. If possible, fire your rifle at known distances and record your exact + or – clicks for each range. The rear sight's intermediate clicks between major range markings may also be used to engage targets at ranges such as 250 meters, 375 meters, etc.

### Attributes

- Name: [KNIGHTS ARMAMENT AR-15 FLIP-UP ADJ TACTICAL REAR SIGHT 300 METER BLACK](#)
- Manufacturer: [KNIGHTS ARMAMENT](#)
- Product no.: 100015205

# AR15 Tactical Rear Sight Safety Instruction Guide

## Introduction

Thank you for choosing the AR15 Tactical Rear Sight. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that all firearms and accessories are handled responsibly and in accordance with local laws and regulations.
- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and accessories in a secure location, away from children and unauthorized users.
- Regularly inspect the rear sight for wear or damage before use.
- Be aware of your surroundings and ensure that you have a clear line of sight when aiming and shooting.

## Specific Safety Precautions for Use

- The AR15 Tactical Rear Sight is designed for use with the AR15 platform. Do not use it with other firearms unless specified.
- Ensure that the rear sight is properly installed on a compatible Picatinny rail before use.
- Do not attempt to adjust the sight while the firearm is loaded.
- Avoid using the rear sight in extreme weather conditions that may impair visibility or functionality.
- If the sight becomes damaged or malfunctions, discontinue use immediately and seek professional assistance.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Ensure that the firearm is unloaded and the safety is engaged.
- Gather necessary tools, including a flathead screwdriver or appropriate tool for adjustments.

#### 2. Mounting the Sight:

- Locate the Picatinny rail on your AR15.
- Align the rear sight with the rail, ensuring it fits securely.
- Use the provided screws to attach the sight to the rail. Tighten securely, but do not overtighten.

#### 3. Adjusting the Sight:

- The rear sight is adjustable for windage only.
- Use the windage knob to make adjustments based on your shooting preferences.
- Confirm adjustments by firing at a target from a safe distance.

### Usage Instructions

- Always verify that the sight is functioning correctly before heading to the range.
- When aiming, ensure that your sight picture is clear and aligned.
- Use the fixed post aperture for close to medium range shooting.
- Follow standard shooting practices and maintain focus on safety at all times.

## **Disposal Instructions**

- Dispose of the AR15 Tactical Rear Sight in accordance with local regulations.
- Do not dispose of the sight in regular household waste.
- If the sight is no longer functional, consider recycling components where possible.

## **Contact Information for Further Support**

For additional support or inquiries regarding the AR15 Tactical Rear Sight, please refer to the manufacturer's website or contact an authorized dealer. It is essential to have access to expert guidance for any safety concerns or product issues.

By following these guidelines, you can ensure a safe and enjoyable experience with your AR15 Tactical Rear Sight. Stay informed about safety practices and always prioritize responsible firearm handling.
