Safety Instruction Guide for SOFT JAW PLIERS

Introduction

Thank you for choosing the SOFT JAW PLIERS by Best Way Tools. These pliers are designed to assist in gunsmith work while minimizing the risk of marring surfaces. This guide provides essential safety instructions to ensure safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure the pliers are in good condition before each use. Check for any signs of damage or wear.
- Keep the pliers out of reach of children and vulnerable individuals.
- Use the pliers only for their intended purpose as described in this guide.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- When using the pliers, ensure your hands are dry to maintain a secure grip.
- Avoid using the pliers on live electrical components.
- Do not use excessive force when gripping objects to prevent slippage and potential injury.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the pliers.
- Do not modify the pliers in any way. Alterations can compromise safety and effectiveness.
- Be cautious when replacing the soft jaws; ensure the screw is tightened securely to prevent accidental detachment during use.

Instructions for Installation and Usage

1. Installation of Soft Jaws:

- Identify the small Phillips head screw that secures the soft jaws in place.
- Use a Phillips screwdriver to remove the screw.
- Carefully remove the damaged soft jaws.
- Align the new soft jaws with the pliers.
- Secure the new soft jaws by tightening the Phillips head screw until snug. Do not overtighten.

2. Using the SOFT JAW PLIERS:

- Hold the pliers by the handles with a firm grip.
- Position the soft jaws around the object you wish to grip.
- Squeeze the handles together to apply pressure. Ensure the object is held securely without excessive force.
- Release the handles to remove the pliers from the object.

3. Maintenance:

- Clean the pliers after each use to remove dirt and debris.
- Store the pliers in a dry, safe location to prevent rust and damage.

Disposal Instructions

- Dispose of the product according to local regulations regarding tools and nonelectronic waste.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents harm to the environment.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the SOFT JAW PLIERS, please contact your local distributor or the manufacturer's customer support. Ensure you have the product model and any relevant information ready for reference.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we appreciate your commitment to using the SOFT JAW PLIERS responsibly.
