# Safety Instruction Guide for SOFT JAW PLIERS (Best Way Tools Replacement Jaw for 95680)

## Introduction

Thank you for choosing the SOFT JAW PLIERS by Best Way Tools. These pliers are designed to assist in various tasks while minimizing the risk of marring surfaces. This guide provides essential safety instructions to ensure safe use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the pliers are in good working condition before each use.
- Store the pliers in a dry place to prevent rust and damage.
- Keep the pliers out of reach of children and vulnerable individuals.
- Regularly check for wear or damage, particularly to the soft jaws.

## Specific Safety Precautions for Use

- Ensure that the work area is clean and free of obstacles to avoid accidents.
- Use the pliers only for their intended purpose; do not use them on food or in a way that is not recommended.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the pliers.
- Be cautious when applying force; excessive force can lead to slippage and potential injury.
- If the soft jaws become damaged or worn, replace them immediately to maintain effectiveness and safety.

## Instructions for Installation and Usage

### 1. Installation of Replacement Jaws

- Ensure the pliers are clean and free from debris.
- Locate the small Phillips head screw that holds the soft jaws in place.
- Using a Phillips screwdriver, carefully remove the screw.
- Gently slide off the damaged soft jaw.
- Align the new soft jaw with the plier's jaw and slide it into place.
- Reinsert the Phillips head screw and tighten securely, ensuring the soft jaw is held firmly in place.

### 2. Using the Soft Jaw Pliers

- Grip the pliers firmly by the handles.
- Position the soft jaws around the item you wish to hold or manipulate.
- Squeeze the handles gently to grip the item, ensuring a secure hold without excessive force.
- Release the handles to disengage the grip when finished.

## Disposal Instructions

- Dispose of the pliers and any damaged parts in accordance with local regulations.
- Do not dispose of the product in household waste unless specified by local guidelines.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For safety inquiries or product support, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective use of the SOFT JAW PLIERS. Remember to stay informed about product recalls and safety updates through the EU's Safety Gate platform. Your safety is our priority. Thank you for choosing Best Way Tools.
