SOFT JAW PLIERS Safety Instruction Guide

Introduction

Thank you for choosing the SOFT JAW PLIERS from Best Way Tools. These pliers are designed to assist you in gunsmith work while preventing marring on your tools and parts. Please read this safety instruction guide carefully to ensure safe use and proper maintenance of the product.

General Safety Guidelines

- Always use the product as intended and follow the manufacturer's instructions.
- Ensure that the pliers are in good condition before use. Inspect for any signs of damage or wear.
- Keep the pliers out of reach of children and vulnerable individuals.
- If you notice any irregularities during use, stop immediately and consult the manufacturer.
- Report any unsafe product incidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate safety gear, such as gloves and safety glasses, when using the pliers.
- Avoid using the pliers on live electrical components to prevent electric shock.
- Do not exceed the recommended pressure when using the pliers to avoid damaging the soft jaws or the parts being worked on.
- Ensure that your hands are dry and free from oil or grease to maintain a good grip.
- When replacing the soft jaws, take care to avoid injury from sharp edges or tools.

Instructions for Installation and Usage

1. Installation of Soft Jaws

- Ensure the pliers are clean and free of debris.
- Use a small Phillips head screwdriver to remove the screw holding the existing soft jaw in place.
- Carefully detach the old soft jaw and replace it with a new one, ensuring it is aligned properly.
- Secure the new soft jaw by tightening the screw, but do not overtighten.

2. Using the Pliers

- Hold the pliers firmly by the handles.
- Position the soft jaws around the part you wish to grip or manipulate.
- Squeeze the handles to apply pressure, ensuring a secure grip without excessive force.
- When finished, release the handles slowly to avoid dropping the part.

3. Cleaning and Maintenance

- After use, clean the pliers with a dry cloth to remove any dust or debris.
- Store the pliers in a dry place, away from moisture and extreme temperatures.
- Periodically check the soft jaws for wear and replace them as necessary.

Disposal Instructions

- Dispose of any damaged or unusable pliers in accordance with local waste disposal regulations.
- If replacing soft jaws, ensure that old jaws are disposed of properly and do not pose a hazard to the environment.

Contact Information for Further Support

For any questions or concerns about the SOFT JAW PLIERS, please refer to the manufacturer's contact information provided in the packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience with your SOFT JAW PLIERS. Thank you for your attention to safety.
