Safety Instruction Guide for 1911 Barrel Hood Cutting Fixture

Introduction

Thank you for choosing the 1911 Barrel Hood Cutting Fixture by Everglades Ammo. This guide provides essential safety instructions to ensure the safe and effective use of the fixture. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the fixture is used only for its intended purpose, which is to hold 1911 barrels securely in your milling machine.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while operating machinery.
- Keep the working area clean and welllit to prevent accidents.
- Ensure that all tools and equipment are in good working condition before use.
- Do not operate the fixture if you are tired or under the influence of alcohol or drugs.
- Store the fixture in a safe place away from children and unauthorized users.
- Regularly inspect the fixture for any signs of wear or damage. Do not use if damaged.

Specific Safety Precautions for Use

- Always secure the barrel firmly in the fixture before beginning any cutting operations.
- Verify that the mill vice is properly adjusted and secured before use.
- Use the fixture only with compatible 1911 barrel types to avoid improper fitting.
- Avoid wearing loose clothing or jewelry that could become entangled in machinery.
- Do not attempt to make adjustments to the fixture while the milling machine is in operation.
- Ensure that all safety guards on the milling machine are in place and functioning.
- Keep hands and other body parts away from the cutting area during operation.

Instructions for Installation and Usage

1. Installation:

- Place the fixture on a stable surface or directly onto the milling machine's vice.
- Secure the fixture using the appropriate fasteners to ensure it does not move during operation.
- Adjust the fixture to accommodate the specific dimensions of the barrel being used.

2. Usage:

- Place the barrel into the fixture, ensuring it is aligned squarely.
- Tighten the fixture clamps securely to hold the barrel in place.
- Set the desired cutting width and length on the milling machine.
- Start the milling machine according to the manufacturer's instructions.
- Carefully monitor the cutting process, ensuring that the fixture remains stable and secure.
- Once the cutting is complete, turn off the milling machine and safely remove the barrel from the fixture.

Disposal Instructions

- Dispose of the fixture in accordance with local regulations for industrial equipment.
- If the fixture is damaged beyond repair, ensure that it is disposed of in a way that prevents any potential

hazards to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the use of the 1911 Barrel Hood Cutting Fixture, please contact the manufacturer directly. Ensure you have the product information at hand for quicker assistance.

By following these safety instructions, you can ensure a safe and efficient experience while using the 1911 Barrel Hood Cutting Fixture. Thank you for prioritizing safety in your work!
