

# M&P 15-22 BARREL NUT WRENCH - TACTICOOL22 M&P 15-22 BARREL NUT WRENCH

[Gunsmith Tools](#) > [Barrel Tools](#) > [Rebarreling Tools](#) > [Barrel Nut Tools](#)

The lugs are designed to fit snugly, with minimum movement, to keep the nut from getting damaged. The inside of the wrench will fit over most standard A1 and A2 flash hiders, as well as Yankee Hill and others. The outside of the wrench fits nicely inside the stock handguard. There are two wrench flats for a 15/16 open end wrench or crows foot wrench, if you want to use a torque wrench. This is the Professional/Gunsmith version of the barrel nut wrench for the Smith & Wesson M&P 15-22. You will get many years of trouble free use from this barrel nut wrench. This wrench will fit over most standard diameter muzzle devices, such as the A2 birdcage, but the barrel nut and handguard end cap will not. Therefore, you have to remove the muzzle device to remove the barrel nut and barrel. Simple, step-by-step instructions are included. Machined from the highest quality U.S. aluminum stock available. Designed, developed, and manufactured in the USA.

## Attributes

- Name: [TACTICOOL22 M&P 15-22 BARREL NUT WRENCH](#)
- Manufacturer: [TACTICOOL22](#)
- Product no.: 100015709

# M&P 1522 Barrel Nut Wrench Safety Instructions

## Introduction

Thank you for choosing the M&P 1522 Barrel Nut Wrench by TACTICool22. This tool is designed to help you safely and effectively install and remove barrel nuts on your Smith & Wesson M&P 1522. Please read this safety instruction guide thoroughly to ensure proper usage and to maintain safety standards in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the wrench is used only for its intended purpose as specified in this manual.
- Always inspect the wrench for any damage or wear before use. Do not use if damaged.
- Keep the wrench out of reach of children and unauthorized users.
- Use the wrench in a welllit area to avoid accidents.
- Follow all local laws and regulations regarding firearm accessories and tools.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the wrench.
- Ensure that the firearm is unloaded and pointed in a safe direction before using the wrench.
- Do not apply excessive force when using the wrench to avoid damaging the tool or the firearm.
- Be aware of your surroundings and ensure that no one is in close proximity when using the wrench.
- If you are unfamiliar with firearm maintenance, consult a qualified gunsmith before use.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the M&P 1522 Barrel Nut Wrench, a 15/16 openend wrench or crow's foot wrench, and a torque wrench if required.

### 2. Using the Wrench

- Position the wrench over the barrel nut, ensuring that the lugs fit snugly.
- If using a torque wrench, attach it to the two wrench flats on the wrench.
- Apply torque as specified in your firearm's manual for proper installation or removal of the barrel nut.
- If there is resistance, do not force the wrench. Instead, check for any obstructions or misalignment.

### 3. Removing the Muzzle Device

- Before removing the barrel nut, you must first remove the muzzle device.
- Use the wrench to unscrew the muzzle device carefully.
- Once the muzzle device is removed, proceed to remove the barrel nut using the wrench.

### 4. After Use

- Clean the wrench after use to ensure longevity.
- Store the wrench in a dry, safe place away from children.

## **Disposal Instructions**

- Dispose of the wrench in accordance with local regulations regarding metal waste.
- If the wrench is damaged beyond repair, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any queries related to the M&P 1522 Barrel Nut Wrench, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your M&P 1522 Barrel Nut Wrench. Thank you for your attention to safety and proper usage.
