[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The AT chassis from Accuracy International is a polymer and alloy chassis (not merely a stock), which provides the rigidity, strength and durability necessary to provide a stable, rugged platform for a barreled action in all weather and any terrain. Adjustable length of pull using 10mm and 20mm spacers. Lateral and height adjustable cheek piece. Six flush cup sling points for quick sling positioning. AT folding stock available using AI's battle proven hinge system. AX chassis style pistol grip. AICS 5 round magazine included and optional 10 round magazines available. KeySlot™ accessory mounting system on the 6:00 O'clock forend surface. Chassis is NOT supplied with M5x12mm screws for lowering cheekpiece beyond factory setting. These screws need to be purchased separately if wishing to lower the cheekpiece

# Safety Instruction Guide for REM 700 .308 Stage 2 Stock Folding

## Introduction

Thank you for choosing the REM 700 .308 Stage 2 Stock Folding from Accuracy International. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure safe handling and usage of the product at all times.
- Always follow local laws and regulations regarding firearm accessories.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before each use.
- If you encounter any issues or have concerns about the product's safety, stop using it immediately and seek assistance.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the stock.
- Use the stock only with compatible firearms as specified by the manufacturer.
- Avoid using the product in extreme weather conditions that may affect performance.
- Do not exceed the recommended length of pull adjustments; improper adjustments may lead to unsafe handling.
- Ensure that all screws and components are securely fastened before use.
- Be cautious when using the adjustable cheek piece to avoid pinching or injury.
- Use the flush cup sling points only with compatible slings.
- Do not modify the product in any way that may compromise its safety or integrity.

## Instructions for Installation and Usage

### 1. Installation of the Stock:

- Ensure that the firearm is completely unloaded.
- Align the stock with the barreled action of the firearm.
- Securely attach the stock using the appropriate screws (not included) as per the manufacturer's specifications.
- Ensure that the stock is firmly in place and does not wobble.

### 2. Adjusting the Length of Pull:

- Use the provided 10mm and 20mm spacers to adjust the length of pull to your preference.
- Ensure that the adjustment mechanism is locked in place after making changes.

### 3. Adjusting the Cheek Piece:

- Loosen the screws on the cheek piece.
- Adjust the height and lateral position as desired.
- Tighten the screws securely after adjustments.

#### **4. Using the Sling Points:**

- Attach your sling to one of the six flush cup sling points.
- Ensure that the sling is properly secured and does not interfere with the operation of the firearm.

#### **5. Folding the Stock:**

- To fold the stock, ensure the firearm is pointed in a safe direction.
- Release the folding mechanism and carefully fold the stock.
- Ensure that the stock locks securely in the folded position.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding waste disposal.
- If the product is damaged or no longer in use, consider recycling it if possible.
- Do not dispose of the product in regular household waste.
