Upgrade your AR-15 rifle with this MOE-SL furniture set by Magpul. The MOE SL Stock – Mil-Spec Model is a drop-in replacement buttstock for AR-15/M4 carbines using mil-spec or commercial sized receiver extension tubes. Designed for the modern battlefield, the sleek profile, dual-side release latches, rolled toe, and angled rubber butt-pad is optimized for use with body armor or modular gear and provides for efficient shoulder transitions. The MOE SL Hand Guard for AR-15/M4 firearms with carbine-length gas system and A2 front sight provides modular flexibility with M-LOK accessory slots in a lightweight, sleek, cost effective design. Similar to the MOE-K2, the MOE SL Grip (Magpul Original Equipment Slim Line) is a drop-in upgrade for AR-15/M4 pistol grips with a more vertical grip angle optimized for short LOP weapons that bring the primary hand in closer to the shooter's body. With an aggressive new texture for positive weapon control along with excellent ergonomics, the SL Grip provides a slightly smaller size and slimline feel. All mounting hardware included. Must be used with the triangular A2 front sight assembly; other gas blocks are not compatible.
