

AR-15 EFAB HYBRID FLASH HIDER 22 CAL - PRECISION ARMAMENT

EFAB HYBRID FLASH HIDER 22 CAL 1/2-28 SS IONBOND

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

Combines superior muzzle control with effective flash suppression even on barrels as short as 10 inches. Patent Pending EFAB™ technology uses an array of diverging expansion nozzles to diffuse and cool combustion gases resulting in maximum recoil reduction with minimum concussion to the rear and sides of the shooter. Closed bottom section for less dust signature when shooting prone. Precision machined from heat treated stainless steel with an advanced Ionbond® high temperature CrCN coating for extreme durability. Fits .223/5.56mm rifles with 1/2-28 muzzle threads. Features pilot hole for permanent pinning to bring 14.5" barrels to legal length. Accu-Washer™ Muzzle Alignment System required for installation.

Attributes

- Name: [PRECISION ARMAMENT EFAB HYBRID FLASH HIDER 22 CAL 1/2-28 SS IONBOND](#)

Safety Instruction Guide for AR15 EFAB Hybrid Flash Hider 22 Cal

Introduction

Thank you for choosing the AR15 EFAB Hybrid Flash Hider 22 Cal. This product is designed to enhance your shooting experience by providing superior muzzle control and effective flash suppression. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always follow local laws and regulations regarding the use of firearms and related accessories.
- Ensure that all users are trained in the safe handling and operation of firearms.
- Regularly inspect the flash hider for any signs of damage or wear before use.
- Store the flash hider in a secure location, away from children and unauthorized users.
- In case of any malfunction or unusual behavior during use, cease operation immediately and consult a professional.

Specific Safety Precautions for Use

- Do not use the flash hider on firearms that are not compatible with .223/5.56mm caliber or 1/228 muzzle threads.
- Ensure the flash hider is securely attached to the firearm before firing.
- Avoid shooting in enclosed spaces without proper ventilation.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure a clear shooting area to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing muzzle device if applicable.
- Clean the muzzle threads of the firearm to ensure proper fit.
- Align the flash hider with the muzzle threads and screw it on clockwise until it is handtight.
- Use the AccuWasher™ Muzzle Alignment System to ensure proper alignment during installation.
- If necessary, drill a pilot hole for permanent pinning to bring 14.5" barrels to legal length.
- Secure the flash hider with a pin if required.

2. Usage:

- Always check that the flash hider is secure before each use.
- Fire the firearm in a safe environment, following all standard shooting practices.
- Monitor the performance of the flash hider during use, looking for any signs of excessive heat or damage.

Disposal Instructions

- Dispose of the flash hider in accordance with local regulations for metal recycling.
- Do not dispose of the flash hider in regular household waste.
- If the flash hider is damaged beyond repair, consult local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the AR15 EFAB Hybrid Flash Hider 22 Cal, please refer to the relevant local authorities or safety organizations. You can also check for recall updates on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on responsible use and adherence to these guidelines.
