

# MOE® GRIP PANELS W/TSP TEXTURE FOR 1911 FULL SIZE - MAGPUL 1911 MOE TSP GRIPS, ODG

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Evolved from Magpul's original moe 1911 grip panels, the 1911 grip panels with tsp texture offers the user a more aggressive texture allowing for better control of the weapon in all environments. Constructed of heavy-duty reinforced polymer, the grips have a unique diamond-shaped cross section to prevent twisting in the hand, an aggressive magazine release cut-out, aggressive tsp texture (trapezoidal surface projections) for positive control, and are compatible with ambidextrous safeties. The grips are designed to fit full size framed 1911s with standard grip screw bushings. Made in the USA.

**FEATURES** Reinforced polymer construction Fits full size frame 1911s and copies with standard grip screw bushings Aggressive magazine release cut-out Compatible with ambidextrous safeties Unique TSP diamond-shaped cross-section to prevent twisting in the hand for positive control in all environments

**SPECS** Platform: 1911 Full Size Thickness, max: 0.25 in. Weight: 1.1 oz.

# MOE® Grip Panels W/TSP Texture for 1911 Full Size Safety Instruction Guide

## Introduction

Thank you for choosing the MOE® Grip Panels W/TSP Texture for your 1911 Full Size firearm. This guide provides essential safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure the product is suitable for your specific 1911 model.
- Always handle firearms with care and follow basic firearm safety rules.
- Keep the grip panels out of reach of children and unauthorized users.
- Regularly inspect the grip panels for any signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the grip panels only for their intended purpose.
- Avoid using the grip panels in extreme weather conditions that may affect their performance.
- Ensure that the grip panels are securely installed before using the firearm.
- Do not modify the grip panels in any way, as this may compromise safety and performance.
- Be aware of the tactile feedback provided by the TSP texture; it is designed for enhanced control but may feel different from standard grips.

## Instructions for Installation and Usage

### 1. Installation Instructions:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grip panels from the firearm by unscrewing the grip screws.
- Align the MOE® grip panels with the grip screw bushings on the firearm.
- Securely attach the grip panels by tightening the grip screws. Do not overtighten.
- Check that the grip panels are firmly in place and do not move.

### 2. Usage Instructions:

- Hold the firearm with a proper grip, utilizing the TSP texture for enhanced control.
- Practice handling the firearm in a safe environment to become accustomed to the grip panels.
- Regularly check the grip panels for tightness and condition before each use.

## Disposal Instructions

- Dispose of the grip panels in accordance with local regulations.
- If the grip panels are damaged or no longer usable, do not attempt to repair them; instead, dispose of them responsibly.
- Consider recycling options where available.

## Contact Information for Further Support

For any safety inquiries or additional support regarding the MOE® Grip Panels, please refer to your local

authorized dealer or the manufacturer's website for contact information.

Please remember that safety is paramount when handling firearms. Follow these guidelines to ensure a safe and enjoyable experience with your MOE® Grip Panels.
