

# M-LOK OFFSET LIGHT/OPTIC MOUNT - MAGPUL M-LOK OFFSET LIGHT/OPTIC MOUNT BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

The M-LOK Offset Light/Optic Mount, Aluminum provides the user with an ambidextrous platform to mount weapons lights or optics at both the 11 and 1 o'clock positions on M-LOK compatible hand guards. This mounting solution is constructed of Mil-Spec anodized aluminum and has beveled ends and corners to prevent snagging. The Offset Light/Optic Mount allows for the direct attachment of the Surfice M300/600 Series Scout Light or other MIL-STD-1913 Picatinny mounts. The optional Magpul Light Mount V-Block and Rings can also be used to attach hand held lights with a diameter from .75" to 1.03".

# MLOK OFFSET LIGHT/OPTIC MOUNT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the MLOK Offset Light/Optic Mount by Magpul. This product is designed to provide a secure and versatile mounting solution for your weapons lights and optics. Please read this safety instruction guide carefully to ensure safe and effective use of the product in accordance with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the mount is compatible with your MLOK hand guard before installation.
- Always inspect the mount and attached equipment for any signs of damage or wear before use.
- Use the mount only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the weight limit of the mount, as specified by the manufacturer.
- Ensure that all screws and attachments are tightened properly to prevent accidental detachment.
- Avoid using the mount in extreme conditions that may affect its performance, such as extreme heat or cold.
- Be cautious when handling the mount and attached equipment to avoid injury.
- If using with a light, ensure that the light is securely attached and functioning properly before use.

## Instructions for Installation and Usage

### Installation

1. **Prepare the Hand Guard:** Ensure that the MLOK hand guard is clean and free from any debris.
2. **Align the Mount:** Position the MLOK Offset Light/Optic Mount at the desired location on the hand guard, typically at the 11 or 1 o'clock positions.
3. **Insert the Mounting Hardware:** Use the provided screws to secure the mount to the MLOK slots. Ensure the screws are properly aligned.
4. **Tighten Screws:** Using an appropriate tool, tighten the screws until secure, but do not overtighten, as this may damage the mount or hand guard.

### Usage

1. **Attach Light or Optic:** Depending on your needs, attach the Surefire M300/600 Series Scout Light or other compatible optics to the mount.
2. **Secure Attachment:** If using the optional Magpul Light Mount VBlock and Rings, follow the manufacturer's instructions for secure attachment of handheld lights.
3. **Check Stability:** Before use, check that all attachments are secure and stable.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and materials.
- Do not dispose of the product in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the MLOK Offset Light/Optic Mount, please refer to the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your MLOK Offset Light/Optic Mount. Thank you for your attention to safety!
