

# AR-15 M-LOK T-NUT REPLACEMENT SCREWS STEEL BLACK - MAGPUL M-LOK T-NUT REPLACEMENT SCREWS STEEL FOR AR-15 BLACK

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Hardware](#) > [Handguard Screws](#)

The M-LOK T-Nut Replacement Set is a hardware set designed for use with all M-LOK accessories. Made of 4140 Chromoly steel with a Mil-Spec Manganese Phosphate finish, the hardware set is supplied with two different length button-head socket cap screws to ensure compatibility with various hand guards or forend thicknesses. A self-locking reusable thread patch is added to the screws to ensure a secure fit upon installation.

# Safety Instruction Guide for AR15 MLOK TNut Replacement Screws

## Introduction

Thank you for choosing the AR15 MLOK TNut Replacement Screws by MAGPUL. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose with MLOK accessories.
- Keep the screws and all related components out of reach of children and vulnerable individuals.
- Regularly inspect the screws for wear or damage before each use.
- If any part of the product is damaged, do not use it and replace it immediately.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, during installation.

## Specific Safety Precautions for Use

- Use only the screws provided in the package. Do not substitute with other screws.
- Ensure that the screws are installed correctly to avoid loosening during use.
- Do not exceed the recommended torque specifications when tightening screws to prevent stripping or damaging the threads.
- Be cautious of sharp edges on tools and screws during installation.
- If you experience any difficulty during installation, seek assistance from a qualified individual.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather the necessary tools, including an appropriate Allen wrench for the buttonhead socket cap screws.
- Ensure that the work area is clean and welllit.

### 2. Installation Steps:

- Align the MLOK accessory with the designated slots on your handguard or forend.
- Insert the provided buttonhead socket cap screws through the mounting holes of the accessory.
- Use the Allen wrench to tighten the screws securely, ensuring they are evenly tightened to avoid misalignment.
- Check that the accessory is firmly attached and does not move.

### 3. PostInstallation Check:

- After installation, perform a visual inspection to ensure that all screws are properly tightened and that there are no visible gaps.
- Test the stability of the attached accessory by gently pulling on it to ensure it is secure.

## Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not throw screws in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any inquiries related to the product, including safety concerns or installation assistance, please refer to the manufacturer's contact information provided on the product packaging or the official website.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the AR15 MLOK TNut Replacement Screws. Always prioritize safety during installation and usage to protect yourself and others. Thank you for your attention to these important safety measures.
