

MS1 PADDED SLING - MAGPUL MS1 PADDED TWO-POINT RIFLE SLING STEALTH GRAY

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The MS1 padded sling is the latest addition to the Magpul line of rifle slings. By adding a padded section of variable-width tubular webbing to the already proven MS1 sling, this new product provides more comfort to the user when carrying heavy weapons. Other padded slings simply sew the pad onto or around an already existing sling. What Magpul has done is taken a section of variable-width webbing of our proprietary weave and stitched a high-grade, ripstop coated, closed cell foam pad to the inside of the sling. This ensures that the pad will never move inside of its housing and because the taper of the sling is woven, not stitched, the padded section has no known points of failure. By removing the structural stitching from padded slings, Magpul has created a sleek and streamlined solution that exceeds all others in durability and aesthetics.

Attributes

MS1 Padded Sling Safety Instructions

Introduction

Thank you for choosing the MS1 Padded Sling by Magpul. This safety instruction guide is designed to help you understand the safe use, installation, and disposal of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the sling to ensure your safety and the safety of others.

General Safety Guidelines

- Ensure that the MS1 Padded Sling is used only for its intended purpose, which is to carry firearms safely and securely.
- Always inspect the sling before each use for signs of wear, damage, or malfunction.
- Do not exceed the recommended weight limit for the sling, which is designed for heavy weapons.
- Keep the sling out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe product conditions or accidents to the relevant authorities immediately.
- Stay informed about any product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always ensure that the sling is securely attached to your firearm before use.
- Avoid using the sling in wet or slippery conditions to prevent loss of grip.
- Do not modify the sling in any way, as this may compromise its safety and effectiveness.
- If the sling becomes damaged or shows signs of wear, discontinue use immediately and replace it.
- Use the sling in a manner that does not obstruct your vision or movement while carrying your firearm.

Instructions for Installation and Usage

1. Installation:

- Identify the attachment points on your firearm where the sling will be connected.
- Thread the sling through the attachment points, ensuring it is secure and properly positioned.
- Adjust the length of the sling to fit your body comfortably, allowing for ease of movement.

2. Usage:

- When carrying your firearm, ensure the sling is properly adjusted to distribute weight evenly across your body.
- Keep the firearm pointed in a safe direction at all times while using the sling.
- Use the padded section of the sling to enhance comfort when carrying heavy weapons.

Disposal Instructions

- Dispose of the MS1 Padded Sling in accordance with local regulations for textile and plastic waste.
- Do not burn the sling, as it may release harmful substances.
- If the sling is no longer usable, ensure that it is cut or otherwise rendered unusable to prevent accidental use.

Contact Information for Further Support

For any questions or concerns regarding the MS1 Padded Sling, please refer to the product packaging or visit the official Magpul website for additional support and resources.

Thank you for prioritizing safety while using your MS1 Padded Sling. Enjoy your experience with this highquality product!
