

KEYMOD 1" RING LIGHT MOUNT - ARISAKA DEFENSE RING LIGHT MOUNT KEYMOD 1"

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

The Arisaka KeyMod Ring Light Mount provides a flexible yet secure way to attach tactical lights to your handguard. It uses a vertically anchored ring system which comes in two sizes to accommodate a wide variety of lights. The large ring will accept light bodies with a diameter from 1.00" to 1.03." The small ring will accept light bodies with a diameter from 0.84" to 0.88." A light can be installed and removed without having to take the mount off your handguard. The offset placement of the light while using the mount is designed to allow clearance with most front sights. For example, a 1.03" light like the Surefire G2 will work with the Magpul Gen 2 MBUS on a Noveske NSR, which is one of the thinnest handguards at 1.48" wide. The mount is CNC machined from 6061 aluminum and type III hard coat anodized. Fits standard KeyMod handguards.

Attributes

- Name: [ARISAKA DEFENSE RING LIGHT MOUNT KEYMOD 1"](#)
- Manufacturer: [ARISAKA DEFENSE](#)
- Product no.: 100016553
- Mfr. No.: RLM-K-1

KeyMod 1" Ring Light Mount Safety Instructions

Introduction

Thank you for choosing the Arisaka KeyMod 1" Ring Light Mount. This product is designed to securely attach tactical lights to your handguard, providing a flexible solution for your lighting needs. To ensure safe usage and compliance with EU General Product Safety Regulations (GPSR), please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that all users read and understand these safety instructions before using the product.
- This product is intended for use with standard KeyMod handguards. Do not attempt to use it with incompatible systems.
- Always check the compatibility of your tactical lights with the mount before installation.
- Keep the mount and associated equipment out of reach of children and vulnerable individuals.
- Regularly inspect the mount for any signs of wear or damage. Do not use if any issues are detected.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before installation, ensure that your handguard is clean and free of any obstructions.
- When attaching or removing the light, ensure that the mount is securely fastened to prevent accidental detachment.
- Avoid overtightening the mount, as this may damage the handguard or the mount itself.
- Be cautious of the placement of the light to prevent interference with front sights or other accessories.
- Always verify the size of the light body to ensure it fits properly within the ring mount.
- Use only lights that fall within the specified diameters:
 - Large ring: 1.00" to 1.03"
 - Small ring: 0.84" to 0.88"
- Do not modify the mount or use it in ways that are not recommended by the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure that the handguard is clean and dry.
- Select the appropriate ring size for your tactical light.
- Align the mount with the KeyMod slots on your handguard.
- Securely attach the mount using the provided hardware, ensuring it is fastened without overtightening.
- Insert the tactical light into the mount and adjust its position as needed for optimal clearance with front sights.

2. Usage:

- Always check that the light is securely mounted before use.
- Operate the light according to the manufacturer's instructions for the light itself.
- Regularly inspect the mount and light for any signs of wear or looseness during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Ensure that any batteries or electronic components are disposed of properly and do not end up in regular

waste.

Contact Information for Further Support

For any questions or concerns regarding the KeyMod 1" Ring Light Mount, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure the safe and effective use of the Arisaka KeyMod 1" Ring Light Mount. Thank you for your attention to safety.
